LARGEST CIRCULATION OF ANY DAILY PAPER IN ANY MISSOURI TOWN ITS SIZE.

MARYVILLE, MISSOURI, FRIDAY, JUNE 11, 1915.

NUMBER 7.

VOLUME 6.

## POULTRY CLUB TO GET STATE HELP

NORTHWEST ASSOCIATION ELECTS OFFICERS TOMORROW HERE.

## PLAN FOR COUNTY SHOW HERE DECEMBER 1 TO 4

Annual Session of Members Will Be Held at Court House Tomorrow—Expect Light Attendance.

The election of officers of the Northwest Missouri Poultry association will be held at a meeting of the association in the circuit court room of the court house at 2 o'clock tomorrow afternoon. Plans for the sixteenth annual poultry show to be held here from December 1 to 4, inclusive this year, also will be made. This will precede the state show to be held in Joplin from December 7 to 11, inclusive.

The association also will be reorganized tomorrow to conform to state requirements made by the last legislature, so that it may be entitled to \$100 offered by the state for premium awards. This will not necessitate many changes or improvements, it is said, as the Northwest association already is considered one of the best county organizations in Missouri.

The present officers of the association are: Fred P. Robinson, president; Joseph H. Saylor, secretary; Prof. John E. Cameron, treasurer; John S. Gross, superintendent.

### Many Can Not Attend.

While the association has a membership of fifty, most of them residents of Nodaway county, it is not believed more than half or two-thirds of the members will attend the meeting tomorrow on account of the roads and rush of work on the farms. The meeting has been postponed from time to time already this spring, however, so the officers felt it imperative to hold the election now, instead of further postponing it.

The fund provided by the state at the last legislature is for the biennial period of 1915 and 1916 and totals \$10,000. No county shall receive more than \$100 annually. The first section of the law reads:

### Must Comply With Provisions.

That duly organized poultry associations or clubs within the State of Missouri which have a duly elected president, secretary, treasurer, executive board, and members, shall be entitled to receive not to exceed one hundred (\$100.00) dollars for the state of Missouri to apply on the total amount of premiums paid by such annual poultry association on the exhibits of poultry or eggs shown by farmers and poultry breeders residing within the State of Missouri, after complying with the provisions of this act.

### FRACTURES ANKLE IN FALL.

Thomas Berry of Ravenwood Injured Yesterday Afternoon.

Thomas Berry, a carpenter living at Ravenwood, was severely hurt yesterday afternoon when he fell from the roof of a barn on which he was working. Mr. Berry stepped on a cross board which broke with his weight and let him fall a distance of 28 feet to the ground. He hit on his feet and the impact pushed his right ankle bone through the heel of his foot. The fracture is very serious and he also suffered other contusions.

### To Order Car of Brick.

A car of brick will be ordered soon by the city for the repair of the brick paved streets of Maryville, which was begun this week, according to City Engineer F. L. Flynt. Main street from Third to Second street is being repaired this week. It is intended to extend the work to all paved thoroughfares in time.

## WILL GIVE SONG RECITAL.

C. N. Guice, Evangelist Singer, Will Return as Epworth League Attraction June 14.

The Rev. C. N. Guice, who conducted the song services in the three weeks revival at the First Methodist church this spring, will return here next Monday night to give a song recital in the First Methodist church for the Epworth League. Mr. Guice and the Rev. Thurston B. Price are now conducting a union evangelistic meeting at Carrollton.

The recital is being given by the Methodist young people to defray the

C. N. GUICE, EVANGELIST SINGER.

expenses of the delegates to the annual Epworth League institute and convention to be held this summer in Baldwin, Kan. It is planned to send five or six delegates.

A reception will be given to Mr. Guice after the recital in the League parlors in the church basement. All who attend the recital are invited. Punch and wafers will be served.

## LEFT CUT OUT OPEN; FINED

Joseph Saunders Nabbed For Auto Noise—It Cost Him \$11.10.

Joseph Saunders was fined \$5 and costs of \$6.10 in police court this morning when he pleaded guilty to having left the cut out of an automobile he was driving open last night. He was arrested by Chief Moberly on East Third street, after the Chase-Laster show last night. He paid the fine. The arrest is the first to follow instructions by the council recently to more strictly enforce the ordinance regulating the operation of automobiles. The city ordinance was passed years ago, but recently had not been enforced very stringently.

## HYDRANGEA HAS FIFTY BLOOMS.

Plants in the H. F. Leet Yard Attract Much Attention.

A number of blooming hydrangea plants in the yard of the H. F. Leet residence, at 331 East Fourth street, have attracted the admiration of all who have seen the plants by the gorgeousness and size of the blossoms. Several of the larger single clusters are about 12 inches across, and the small flowers are of unusual beauty.

One of the largest plants has over fifty blossoms and each of the others are blooming prolifically.

## Spent Day Here.

Mrs. J. O. Dougan of Bolckow spent yesterday visiting her mother, Mrs. J. W. Houghtaling, who makes her home with her son-in-law and daughter, Mr. and Mrs. C. O. McCoppin.

## Clearmont to Play Clarinda.

A base ball game between the teams of Clearmont and Clarinda, Ia., is scheduled at Clearmont for Sunday afternoon. Clearmont was defeated by Tarkio last Sunday 5 to 11.

## Plan Sunday School Meet.

The second annual conference of the Worth County Sunday School association will be held at the Christian church in Grant City on Thursday and Friday, June 24 and 25. A good program has been prepared for the occasion.

## Return from Ohio.

Mrs. Ray Davis and daughter returned yesterday from a month's visit at Plymouth, O., with Mrs. Davis' father, James T. Waters.

## TO CHANGE A ROAD

PLAN STRAIGHTER HIGHWAY BETWEEN POLK AND GREEN.

## TO REMOVE TELEPHONES

Hanamo Service Eliminated by County Court Because of Prices—None in Court House—Pay for Bridge.

Road and bridge improvements are still the theme of the county court in session here this week. It is planned by the county to settle the state road difficulty east of town by filling in the depression at the Wabash viaduct and thereby eliminating a mud hole of months existence. It probably will be done within a few days.

The county court and Surveyor J. E. Reese also intend to survey for a new road west of Maryville along the Green Polk township line this afternoon. The action follows a petition by property owners there recently that the road for a distance of less than a mile, be straightened. It extends north from the county infirmary.

Final settlement for the new steel bridge recently erected across the Nodaway river, between Clearmont and Elmo, also was made this morning. It was constructed by the Decatur Bridge company of Decatur, Ill., for \$2,643.

### Remove Hanamo Phones.

The five telephones of the Hanamo Telephone company, which have been in five different offices of the county here for years, will be removed today as a result of action taken last yesterday afternoon by the county court. Service was cut off yesterday afternoon.

The elimination of the 'phone service was ordered because of the price charged by the Hanamo for the rental of the telephones. The telephones of the Mutual Telephone company will remain. The rates for the Hanamo telephones have been \$3 a month. The Mutual 'phones cost but \$1 a month.

The telephones were located, one each, in the county jail, sheriff's office, office of prosecuting attorney, office of county clerk and office of recorder of deeds.

## SKIDMORE TO BETTER ROADS.

Citizens Subscribe \$400 to Improve Highway West of River Bridge.

A fund of nearly \$400 has been subscribed and pledged by citizens of Skidmore for the improvement of the public road which leads west from Skidmore across the Nodaway river bridge. The solicitation was done by a committee composed of J. O. Miller and L. D. Jordan.

The township board will duplicate the amount subscribed, while persons living west of the town have agreed to help. It is declared to be the worst stretch of road in Nodaway county by the New Era. Reuben Barrett is trustee of Monroe township.

## KNOCK GOOD ROADS DAYS, TOO.

Cole County Will Not Observe June 15 and 16, Because of Busy Season.

The decision of the county court of Nodaway county not to ask the residents of the county to observe June 15 and 16 as "good roads days," as requested by Governor Major, is followed up by the Cole county court. It has declined for the same reason as the Nodaway county officials. They believe it is too busy a time on the farm to ask the farmer to lay aside his work now.

The county court of Nodaway county will probably ask for the observance later in the season.

## NEGROES PLAN BALL GAME.

Black Sluggers Will Meet Savannah Team Here Next Tuesday Afternoon.

The Black Sluggers, a newly organized base ball team of Maryville negroes, will play the Savannah Browns at Federal park here next Tuesday afternoon, beginning at 3:30 o'clock. Some good material is gathered by the Sluggers for the initial game.

## Plan Sunday School Meet.

The second annual conference of the Worth County Sunday School association will be held at the Christian church in Grant City on Thursday and Friday, June 24 and 25. A good program has been prepared for the occasion.

## Return from Ohio.

Mrs. Ray Davis and daughter returned yesterday from a month's visit at Plymouth, O., with Mrs. Davis' father, James T. Waters.

## FEDERALS TO PLAY HOPKINS

Close Match Expected in Game Sunday Afternoon—Improve Grounds and Accommodations.

A close game is expected when the Federals clash with the well trained Hopkins base ball team at Federal park here Sunday afternoon, beginning at 3 o'clock. A. C. Thomas, coach of the Hopkins nine, has been putting the players through some strenuous practice, and every preparation is being made to take the honors in the Sunday game.

A similar effort is being made by the Federals to hold the game for their own, though a really hard tussle is anticipated. The Hopkins team defeated the locals at Hopkins a few weeks ago and won from Creston, Ia., last Sunday by a close score.

The diamond west of the city has been improved this week and better accommodations are promised the patrons for the second game at home. The diamond has been smoothed some and bleachers erected at the east side of the grounds. Ed Keck will umpire the game.

The line-up for the Federals as announced today by Assistant Manager Harry Scott will be: Ham, p; Delma Carmichael, c; Tilson, 1b; Bailey, 2b; Scott, 3b; Conley, ss; Charles Carmichael, lf; Ernst, cf; Morris, rf.

## FORMER RESIDENT MURDERED?

Body of William Sherr Found in Arkansas River at Wichita, Kan.

Mrs. William Messbarger and son, Fred, of Burlington Junction have recently returned from Olathe, Kan., where they went to attend the funeral of Mrs. Messbarger's brother, William Sherr, of Wichita, Kan.

An uncertainty surrounds the circumstances of Mr. Sherr's death. His body was found in the Arkansas river at a point near Woodland park, Wichita, by men employed on a sand boat. Mr. Sherr was last seen at 2 o'clock the previous afternoon in Woodland park. Relatives believe him to have been murdered and his body thrown in the river.

Mr. Sherr, who was at one time a resident of Nodaway county, came here May 25, to attend the funeral of his brother-in-law, William Messbarger. Mr. Sherr went to Kansas in the fall of 1892. Previous to that time he had lived at Burlington Junction and at Parnell. Shortly after leaving Nodaway county he was married to Miss Margaret Kelly of Garden, Kan., a sister of Hon. T. A. Kelly, former state treasurer, and of the Rev. Father Kelly of Leavenworth, Kan. He made various moves during later years and finally came with his family to Wichita, Kan., in 1913, to reside.

Mr. Sherr's wife died last September, and he is survived by one daughter, Mary Sherr. He also is survived by his mother, Mrs. Mary Sherr, of Parnell; three sisters and four brothers. They are Mrs. William Messbarger of Burlington Junction, Mrs. Andy Spires and Mrs. William Welch of Parnell, Fred Sherr of Idaho Springs, Col.; Charles and Joseph Sherr of San Francisco, Cal., and John Sherr of Lancaster, O. At the time of his death Mr. Sherr was 60 years old and had accumulated a large fortune. The body was taken to Olathe, Kan., for burial.

## LOOKS AFTER PROPERTY.

Moss Building, Occupied by Haines Store, Being Remodeled.

Dr. H. E. Moss of Kansas City spent yesterday in Maryville looking after business affairs. Dr. Moss came to superintend some extensive remodeling being done to the Moss building, which is occupied by the Haines dry goods store. The unfinished warehouse at the west of the present store is being finished for a salesroom, and a new warehouse will be built at the west end. Other material changes are being made in the store building in order to give greater selling space.

## WILL HAVE LIGHTS SOON.

Skidmore Business Men Loan Mound City Company \$2,900 for Electric Service.

The Mound City Light and Ice Company, which has been engaged to extend electric current to Graham, Maltland and Skidmore, has installed a line as far as Maltland and is pushing the work northward towards Skidmore this week.

E. W. Miller, president of the company, announces that \$2,900 has already been subscribed by business men of Skidmore for bringing the improvement there. It will be merely used as a loan and not a bonus.

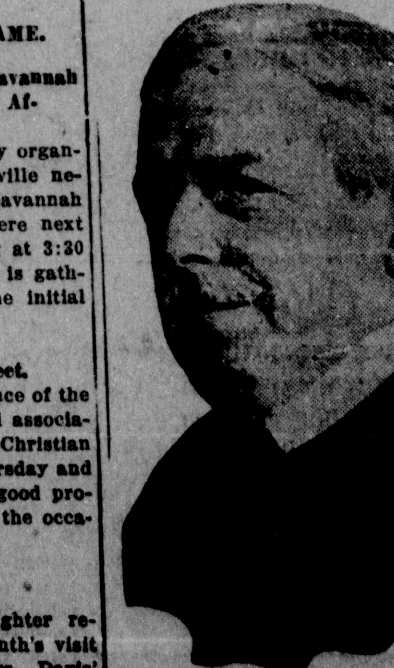

## On Western Trip.

Mr. and Mrs. Robinson Craven, Mr. and Mrs. Preston Seafers and Mr. and Mrs. Ernest Welborn will leave tomorrow morning for an extensive visit in the west. They will stop first at the Panama-Pacific exposition at San Francisco, and will then tour along the coast. The Welborns will spend a month and the others of the crowd will remain three months.

## Mrs. Douglas and Daughter Home.

Mrs. J. F. Douglas and daughter, Nellie, returned Wednesday night from a ten months' stay in southern California. Enroute home they visited many places of interest through the west. They were accompanied by Mrs. Alpha Bishop, who has been spending the past three months at Long Beach and Los Angeles, Cal.

Department Who Revised  
New Note to Germany.

## BOOSTERS ON TOUR

"GUINEA DAY" BEING ADVERTISED IN WEST SIDE TODAY.

## VISIT OTHERS MONDAY

Twenty-Five Leave for Wilcox, Clearmont, Elmo, Dawson and Burlington Junction—Band Accompanies.

The second tour of the county to boost "Guinea" day here next Wednesday, June 16, was made this afternoon by a bunch of about forty-five of the enterprising men of the city, beginning at 1:30 o'clock this afternoon. On account of inability to leave this morning on account of roads, it was necessary to eliminate several proposed stops today.

The remainder of the towns in the county may be visited Monday, however. The trip today will include Wilcox, Clearmont, Elmo, Dawson, Burlington Junction, and perhaps Quitman and Skidmore. The boosters will at least go as far as Burlington Junction. The members of the Fourth Regiment band accompanied the boosters and gave concerts at each stop.

The towns that may be visited Monday at Arkoe, Maltland, Graham and Quitman and Skidmore, if they are not visited this afternoon.

## WITNESSES GONE; DEFER TRIAL.

Hearing of James Palmer, Negro, for Assault Set for June 21.

Because several witnesses for the city had left the city and could not be present today, the trial of James Palmer on two charges of common assault, set for today in police court, was postponed until Monday morning, June 21. The complaints against Palmer were made by his wife and daughter last week.

## MEDICS MEET TONIGHT.

County Physicians Will Discuss Measles—Drop Discussion on Woodson "Measles and Its Complications" will be the principal topic for discussion at the regular meeting of the Nodaway County Medical association in the public library tonight. The discussion and action concerning the ouster of Dr. C. R. Woodson, St. Joseph, from the presidency of the State Medical association, will be dropped, following the reinstatement of Dr. Woodson this week.

## LOOKS AFTER PROPERTY.

Moss Building, Occupied by Haines Store, Being Remodeled.

Dr. H. E. Moss of Kansas City spent yesterday in Maryville looking after business affairs. Dr. Moss came to superintend some extensive remodeling being done to the Moss building, which is occupied by the Haines dry goods store. The unfinished warehouse at the west of the present store is being finished for a salesroom, and a new warehouse will be built at the west end. Other material changes are being made in the store building in order to give greater selling space.

## WILL HAVE LIGHTS SOON.

Skidmore Business Men Loan Mound City Company \$2,900 for Electric Service.

The Mound City Light and Ice Company, which has been engaged to extend electric current to Graham, Maltland and Skidmore, has installed a line as far as Maltland and is pushing the work northward towards Skidmore this week.

E. W. Miller, president of the company, announces that \$2,900 has already been subscribed by business men of Skidmore for bringing the improvement there. It will be merely used as a loan and not a bonus.

## WOMAN, 72, MENTALLY UNSOUND.

Mary E. Brown, Telephone Operator, Gaynor, Before County Court As to Sanity.

Mrs. Mary E. Brown, telephone operator at Gaynor City, was brought before the county court this afternoon to have her soundness of mind passed upon. It is desired to have her placed in the state hospital at St. Joseph. She is 72 years old and has been afflicted mentally for about two years, according to a son, C. T. Brown, of Elston, Ia., who came here with her today. She has lived in Gaynor about ten years.

Mr. and Mrs. E. A. Hefflin of Salina, Kan., son-in-law and daughter, and L. A. Night of Gaynor City, also accompanied the son and mother here today.

## BALL TEAMS OWE UNCLE SAM!

Admission Charge Obligates Managers to \$10 War Revenue License.

Managers of all base ball teams or organizations owning or leasing parks and charging admission to their games will be interested to know that since April 1 they have owed Uncle Sam \$10. The collector of internal revenue is under instructions to collect the aforesaid \$10 from every manager of a team which charges admission to its games.

There's the hint that may clear the atmosphere of not a few of the "semi-pro" teams that clutter all cities. But if you were in the game since the first of April you'll have the ten to pay.—Creston American.

## BABY DAUGHTER DIED.

Funeral Services Will Be Held at Pickering Tomorrow.

Laura Evelyn, the 16-month-old daughter of Mr. and Mrs. James Greenlee of East First street, died at noon today after a week's illness.

The funeral services will be held at 1 o'clock tomorrow at the Christian church of Pickering, conducted by the Rev. R. L. Finch of this city. The burial will be made in the White Oak cemetery, near Pickering.

## To Summer in Colorado.

Mrs. Ferdinand Michau Townsend and young son, Edward Bohm, will leave in a few days for Denver, Col., to spend the summer with Mrs. Townsend's parents, Mr. and Mrs. Henry Bohm. They will be accompanied by Mrs. A. M. Hagins, who will remain with them during the summer.

## Brings His Family Here.

Mrs. J. H. Martin and son, Eugene, arrived here yesterday afternoon from Kansas City to join Mr. Martin, who came here last December to take the superintendency of the municipal water plant. They will reside at 1001 North Dewey street. The youngest son will remain in Kansas City until school closes. Although but 17 years old, Eugene is 6 feet 3 3/4 inches tall and weighs but 170 pounds.

## Union Star Much Honored.

For the fifth year in succession one or more pupils of the Union Star school, near Skidmore, received scholarships for efficient school work. This year the honors fell individually to Miss Gertrude M. Strickler and Dean Goslee, each of whom received scholarships to the Skidmore high school.

## Wabash Trains Late Again.

The Wabash had two bridges and a part of their track washed out west of Triplett last night in a big rain storm. The passenger train No. 1, which is due here at 6 a. m., had not arrived today at noon and was reported to get here about 3 o'clock.

## Saints Meet Tomorrow.

The annual Nodaway District Latter Day Saints Sunday school convention, which was to have been held at Ravenwood recently, will be held there tomorrow and Sunday, instead it is announced.

## Miss Cornelia Hurst of St. Charles, Mo., who has been attending Lindenwood college is now attending the Normal.

Miss Hurst is staying with her grandparents, Mr. and Mrs. W. L. Johnson of East Fifth street.

## CITY MAY ENCLOSE WEST SIDE DITCH

PROPOSE SEWER FROM SIXTH TO FIRST FOR SANITATION.

## IMPROVEMENT EXPENSE WOULD BE MET BY TAX

Plan to Safeguard Health and Beautify City Would Cost \$4,000 or \$12,000—To Tax Equally.

A proposition to remove from the city not only an unsanitary nuisance but also an unsightly ditch, which would cost approximately \$12,000 by one method and about \$6,000 by another, is now under way by both property owners and city officials. The proposition is to tile the ditch that extends through the west part of Maryville, beginning near Seventh street and the Wabash switch tracks and extending in a southeasterly direction.

City Engineer F. L. Flynt is now getting material bids and several property owners have expressed a willingness to aid in the movement and to pay their part of the taxes necessary to make the improvement. It is proposed to later place the matter before the council for the purpose of having an ordinance passed authorizing the establishment of such a sewer district.

According to City Engineer Flynt material for the drainage ditch would cost approximately \$5,000. It is proposed to either build it of cement or segment tiling. If no laterals are laid into the sewer it would cost only about an extra \$1,000 for labor, etc., City Engineer Flynt figures. By making the improvement complete in the way of laterals, catch basins and otherwise providing ample drainage the cost would be brought to a total of about \$11,000 or \$12,000.

The cost is figured, however, on the proposition to install the drainage district or sewer from Sixth street southeast to First street or Jenkins. The remainder of the ditch either is not large or runs through sparsely settled parts of the city.

## Don't Need Owner's Consent.

It is proposed to lay a sewer four feet in diameter or perhaps more. Considering the improvement to extend from Sixth to First street, it would be about 1,650 feet long. It is proposed to make the sewer straight and not wind about as the ditch now extends.

The law provides that the district sewer may be established by two ways. It may be ordered done by the city council on petition of a majority of property owners in the district or, if deemed necessary as a sanitary measure, it may be ordered established on the council's own initiative.

Payment would be made by special tax and would include all districts lying in the drainage channel of the ditch. This, City Engineer Flynt figures, would be approximately all of Maryville west of Buchanan street and north of Jenkins street. By placing it such a large district, the cost to each property owner would be small.

## Each to Pay Equal Share.

The state law on the subject is: District sewers shall be established within the limits of the districts, to be prescribed by ordinance, and shall connect with public sewers or other district sewers, or with the natural course of drainage, as each case may be. Such districts may be subdivided, enlarged or changed by ordinance at any time previous to the construction of the sewer therein; and more than one district sewer may be laid in a sewer district if deemed necessary by the council for sanitary or other purposes.

The council shall cause sewers to be constructed in each district whenever a majority of the property holders, residents therein, shall petition therefor, or whenever the council shall deem such sewers necessary for sanitary or other purposes, and said sewers shall be of such dimensions and materials as

### MAKE ROAD IMPROVEMENTS.

Highways and Bridges Near Burling-  
ton Junction Being Repaired—  
River Bridges Damaged.

The roads and bridges in Nodaway township, damaged by the recent rains, are being repaired again, according to the Burlington Junction Post. It says in part:

The west bank under the approach of the middle bridge over the Nodaway river has caved in, and for a few hours there was no way to cross the river, except by the railroad bridge, as both north and south bridges were out of order. Members of the township board, assisted by a big crowd of volunteers, met at the bridge and lengthened the approach so that it could be crossed.

The east approach of the bridge near the Tibbets place north of town were washed out in the recent floods. Workmen have been repairing the Corken bridge, and it is thought this bridge can be crossed by next Monday.

The pile driver has been moved to the north bridge and it will be repaired as quickly as possible. When both of these bridges are in shape the middle bridge will be looked after. It has been suggested to change the west road to this bridge in order to do away with the sharp bend at this point, but nothing definite has been done.

A good many complaints have been made regarding the condition of the county seat road west of Burlington Junction. J. W. Pralawater, president of the county board, informs us that contracts have been let for the dragging of the county seat road from the Ernest Boyer corner, east of town, to the Atchison county line.

John Boyer and Ed Hackett, who have the contracts for the road from the E. Boyer corner to Burlington Junction, fulfill their agreements in good shape and keep this road in excellent condition. Most of the road west of the river bridge is in good condition.

County Highway Engineer J. E. Reece, assisted by U. S. Reavis, J. R. Plummer, and George A. Surface of the township board, surveyed the road north of the Hardesty school Wednesday. This road is only thirty feet wide and has been in bad shape since last fall. It is the worst piece of road between here and Maryville.

Ernest Boyer and John Graves, who own land on either side of the road, are willing to set their fences over according to the result of the survey, which shows that about five feet should come from each farm.

## CITY MAY ENCLOSE WEST SIDE DITCH

(Continued from page 1.—  
may be prescribed by ordinance, and may be changed, enlarged or extended, and shall have all the necessary laterals, inlets, catch basins, manholes and other appurtenances.

### Contractor Must Collect.

As soon as any district sewer shall have been completed, the city engineer or other officer having charge of the work shall compute the whole cost thereof, and shall apportion the same against the lots or pieces of ground, exclusive of improvements, in proportion to the area of the whole district, exclusive of the public highways, and such officer shall report the same to the council by bill or otherwise, and the council shall thereupon levy and assess a special tax, by ordinance, against each lot or piece of ground within the district, in the name of the owner thereof; whereupon the city clerk shall make out a certified tax bill, under the seal of the city, of such assessment against each lot or piece of ground within the district, in the name of the owner thereof.

Said certified tax bills shall be signed by the mayor and attested and recorded by the city clerk, and shall be delivered to the contractor for the work, who shall proceed to collect the same by the ordinary process of law, in the name of the city, to his own use, and in case of absent owners, he may sue by attachment, or by any other process known to the law; and every such certified bill shall be a lien against the lot of ground described therein, and shall bear interest at the rate of 8 per cent per annum from 30 days after the issue thereof, unless sooner offered to be paid, and if not paid or offered to be paid within six months after the date of issue, each such certified bill shall bear interest at the rate of 15 per cent per annum until paid, and every such certified bill shall, on action brought to recover the amount thereof, be prima facie evidence of the validity of the charges against the property therein described, and of the liability of the person therein named as the owner of such property.

## FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots—  
How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

### Burlington to Play Stanberry.

The Stanberry Red Sox, rated as one of the fastest amateur base ball teams in this part of the state, will play the Burlington Junction team at Bever park, Burlington Junction, Sunday afternoon. The twenty-piece band of New Market, Ia., has been engaged to give a concert during the game.

### Graham Chautauqua.

The Graham Chautauqua this year will be held July 29 to August 3. The officers for the Chautauqua are Dr. E. L. Morgan, president; C. R. Leeper, vice president; C. C. Trapp, treasurer, and J. N. Geyer, secretary.

R. B. Gex of near Graham has purchased a Cadillac eight touring car.

## U. S. NOTE TO BERLIN GIVEN OUT

Friendly In Tone, but  
Insists on Demands.

HUMANITY IS KEYNOTE.

Asks Imperial Government to  
Guarantee Safety at Sea.

LUSITANIA A PASSENGER SHIP.

Berlin "Misinformed" When It Assumes  
Liner Carried Guns.

### WAR SUMMARY

The American note to Germany makes the direct request that the German government give assurances that American lives and American ships shall hereafter be safeguarded. It declares that in the view of the American government the contentions that the Lusitania was carrying contraband of war or that these munitions were exploded by a torpedo "are irrelevant to the question of the legality of the methods used by the German naval commander in sinking the vessel," and that it is upon the principle of humanity, as well as upon the law founded upon this principle, that the United States must stand.

The note denies on the authority of officials of the government that the Lusitania was equipped with masked guns, supplied with gunners and ammunition or was transporting Canadian troops or carrying a cargo not permitted under the laws of the United States, but hopes that if the German government believes itself to be in possession of "convincing evidence" that these officials did not fully perform their duty, it will submit that evidence for consideration. Galicia still retains its position as the battleground of chief importance, so far as sanguinary engagements are concerned. In the north, in the Baltic provinces, the Germans have been forced to withdraw one of their wings in the Dubysa river region, owing to a threatened flanking movement by the Russians, who have brought up strong reinforcements.

Washington, June 11.—The text of the latest note of the United States to Germany was made public.

It formally asks the Imperial government for assurances that measures hereafter will be adopted to safeguard "American lives and American ships" on the high seas. The alternative, in case of refusal, is not stated.

It was this note to which William Jennings Bryan refused to attach his signature, resigning instead his portfolio of secretary of state and thereby precipitating a dramatic cabinet crisis.

Robert Lansing, secretary of state ad interim, signed the communication which went forth with the approval of President Wilson and his entire cabinet.

Friendly terms characterize the document, which renews representations made in the American note that reached Germany May 15, after the Lusitania was torpedoed and sunk, with a loss of more than 100 American lives.

The German government, it is declared, "must have been misinformed" when it assumes that the Lusitania carried guns, as official information is at hand to corroborate the original contention of the Washington government that the Lusitania was an unarmed passenger ship, which, since it did not resist capture, could not be sunk without transferring passengers and crew to a place of safety.

The communication informs Germany that it is on the principle of humanity, as well as upon the law founded upon this principle, that the United States must stand.

### Simply Passenger Ship.

Opportunity is given to Germany to submit any evidence that American officials did not execute their tasks thoroughly in inspecting the Lusitania before it sailed, but the cardinal fact—that the liner was given no warning and made no resistance and was primarily a passenger ship—the American government declares, "throws into the background any special circumstance of detail and lifts the case out of the class of ordinary subjects of diplomatic discussion or of international controversy."

"The fact that more than 100 American citizens were among those who perished made it the duty of the government of the United States to speak of these things, and once more, with solemn emphasis, to call the at-

tention of the Imperial German government to the grave responsibility which the government of the United States conceives that it has incurred in this tragic occurrence, and to the indisputable principle upon which that responsibility rests. The government of the United States is contending for something much greater than mere rights of property or privileges of commerce. It is contending for nothing less high and sacred than the rights of humanity, which every government honors itself in respecting and which no government is justified in resigning on behalf of those under its care and authority. Only her actual resistance to capture or refusal to stop when ordered to do so for the purpose of visit could have afforded the commander of the submarine any justification for so much as putting the lives of those on board the ship in jeopardy. This principle the government of the United States understands, the explicit instructions issued on Aug. 3, 1914, by the Imperial German admiralty to its commanders at sea to have recognized and embodied, as to the naval codes of all other nations, and upon it every traveler and seaman had a right to depend. It is upon this principle of humanity as well as upon the law founded upon this principle that the United States must stand.

### Ready to Use Offices.

"The government of the United States is happy to observe that your excellency's note closes with the intimation that the Imperial German government is willing, now as before, to accept the good offices of the United States in an attempt to come to an understanding with the government of Great Britain by which the character and conditions of the war upon the sea may be changed. The government of the United States would consider it a privilege thus to serve its friends and the world. It stands ready at any time to convey to either government any intimation or suggestion the other may be willing to have it convey, and cordially invites the Imperial German government to make use of its services in this way at its convenience.

"In the meantime, whatever arrangement may happily be made between the parties to the war, and whatever may in the opinion of the Imperial German government have been the provocation or the circumstantial justification for the past acts of its commanders at sea, the government of the United States confidently looks to see the justice and humanity of the government of Germany vindicated in all cases where Americans have been wronged or their rights as neutrals invaded.

"The government of the United States therefore very earnestly and very solemnly renews the representations of its note transmitted to the Imperial German government on the 15th of May, and relies in these representations upon the principles of humanity, the universally recognized understandings of international law and the ancient friendship of Germany.

### Rights of U. S. Citizens.

"The government of the United States cannot admit that a proclamation of a war zone from which neutral ships have been warned to keep away may be made to operate as in any degree an abbreviation of the rights either of American shipmasters or of American citizens bound on lawful errands as passengers on merchant ships of belligerent nations. It does not understand the Imperial German government to question those rights. It understands it, also, to accept as established beyond question the principle that the lives of noncombatants cannot lawfully or rightfully be put in jeopardy by the capture or destruction of an unresisting merchant ship, and to recognize the obligation to take sufficient precaution to ascertain whether a suspected merchantman is in fact carrying contraband of war under a neutral flag. The government of the United States therefore deems it reasonable to expect that the Imperial German government will adopt the measures necessary to put these principles into practice in respect of the safeguarding of American lives and American ships, and asks for assurances that this will be done."

Has Many Irons in the Fire.  
Speaking of busy folks, we know of nobody in town that has more irons in the fire than Judge Loren Smith, says the Burlington Junction Post. Among Loren's many duties are druggist, manager clothes cleaning establishment, janitor Methodist church, secretary Yeomen lodge, collector for the Federal Casualty company, and last, but by no means least, judge of the police court of Burlington Junction.

### To Visit in Chicago.

Mrs. Lewis White and daughter, Norrene and Virginia, and Miss Clydell White left yesterday for Chicago, where they will be the guests of Mr. and Mrs. John Jahnke.

### My Optical Parlor

Has been recently fitted with new furnishings and I am better prepared than ever to make the testing of your eyes a pleasure to you. The very best authorities recommend the system for testing I use. Come in.

### TO GIVE OLD TIME FESTIVAL.

Arko Methodist Church Tomorrow Night.

The following poem has been issued by the Methodist church at Arko as an invitation to attend a social at the church on the night of June 12:

On the 12th of June, by the light of the moon,

At the Arko school, please come and spoon.

All kinds of eats you'll find them there.

Ice cream and strawberries beyond compare.

Our cooks are masters of the culinary art.

These dainties will warm anyone's heart.

Come, boys, and bring your "Janes."

We want to make money after our pains.

And if you'll come

You'll see the winsome maid of '93.

The Goddess of Liberty will be there,

With torch uplifted in the air.

There will be Priscilla sitting a-spinning

The pretty white flax that makes white lines.

Perhaps Martha Washington you will see,

As sweet and stately as she can be.

Be sure and come and eat your fill

Of ice cream and strawberries on the bill

### To Pay Homage to Dead.

The members of the Skidmore Odd Fellows lodge and of the Rebekahs will meet in the I. O. O. F. hall there Sunday afternoon and march to the Christian church, where memorial services to deceased members of the two orders will be held. Short talks will be made by five of the lodge leaders. The graves will be decorated.

### Market Live Stock.

H. W. Hunt, Hunt & Co., Carl Burke, J. E. Strickler, G. H. Swaney, W. H. Ramey, Will N. Wray, L. D. Henderson and E. A. Watson were patrons from Nodaway county in the St. Joseph live stock market yesterday.

### Fined \$5 for Being Drunk.

Robert Needham was fined \$1 and cost of \$6.10 in police court this morning, when he pleaded guilty to a charge of being drunk. He paid.

### M. U. STUDENTS MAY PLAY, TOO.

University Has 21 Tennis Courts and a Golf Course Link.

Summer session students at the University of Missouri at Columbia will have every opportunity for outdoor sports. The University has now twenty-one tennis courts, more than any other university in the Missouri valley and more than any other western university except Chicago and Michigan. Fifteen of these courts are for men, and six are reserved for women.

It is also planned to add four or five more tennis courts next fall. During the regular session about 400 students play tennis, and fully as many use the tennis courts in the summer.

A nine-hole golf course is also supplied by the University for the use of students in the summer session and regular session. C. L. Brewer, director of athletics at the University, says that he knows of no other university that supplies its students with such recreation.

Besides the tennis courts and golf links, summer session students can also find place for sports and recreation on the baseball and football fields and the running track. A special field is reserved as a playground for women at the university.

Five courses in physical education are offered during the summer session to meet the needs of those who wish to qualify as supervisors of physical education in grade or high schools.

These courses are for both men and women. The new play ground of the University Elementary school will be used for observation and laboratory practice in connection with the course in playgrounds.

### MORE RURAL ROUTES.

Readjustment Permit Opening of 710  
New Routes—440,750 More  
Persons Served.

Without curtailing present mail facilities, readjustment of rural delivery service during the period from April 1 to May 29, reduced operating expenses \$511,262, says the St. Louis Republic. This sum has been used to establish 710 new rural routes, serving 82,390 additional families, or approximately 411,950 persons, and to extend existing service 642.49 miles. The extensions reach 5,469 additional families or about 29,800 persons.

Practically all the changes become effective June 15. Though many rural routes are consolidated, few carriers are to be dropped. Transfers are being arranged under which the experienced men are being retained. The present carriers are preferred in filling vacancies.

Nearly all the new routes will go into operation June 16. Postmasters in the cities whence the new service originates have been authorized to employ temporary carriers pending the selection of permanent men by civil service examination.

Memoranda are now awaiting the postmaster general's signature providing in many localities for R. F. D. service by automobile under the clause in the resolution of congress of March 3 last, authorizing the introduction of automobile service at compensation not exceeding \$1,800 a year.

The auto service also will be utilized gradually to install rural routes which will radiate out from the large cities. Suburban and rich truck growing areas within 25 miles of the great cities, when served thus, will get the "local" instead of the "first zone" parcel post rate. Immediate stimulation

of local parcel post exchanges, especially of the farm-to-table service, is expected to follow.

Though automobile routes of this kind will be rural routes, the effect of their installation will be to bring the territory served within city delivery. Such an innovation will be of mutual benefit to centers like St. Louis and surrounding smaller communities.

### MOZINGO VALLEY NEWS.

Joseph Scott spent Sunday visiting in Maryville.

George David purchased a new Ford car this week.

The Rev. Lester M. Jones of St. Joseph visited last week with his brother, Ed Jones, living east of Pickering.

Ernest Wray and family spent Monday visiting in Maryville.

Dale Wiley, who is at a St. Joseph hospital recuperating from an operation for appendicitis, is improving and will be able to come home in a few days.

Mr. and Mrs. Chance Copeland and family spent Sunday the guests of Mr. and Mrs. James Lett.

Glade Wiley and Alva Lett spent Sunday at St. Joseph visiting Dale Wiley.

Harry Lett took the teacher's examination at Maryville Friday and Saturday.

Mr. and Mrs. Sant Leech spent Sunday the guests of Mr. and Mrs. Warren Bloomfield.

Miss Pearl Berry spent Wednesday visiting in Maryville.

## SOCIETY AND CLUBLAND

KATE SCHENCK  
Phones—Office 42 Home 408

### Guest of the McCoppins.

Mrs. S. C. Case of Skidmore, who came to Maryville several weeks ago to visit her niece, Mrs. W. C. Frank and Mrs. J. R. Brink, will be the weekend guest of Mr. and Mrs. C. A. McCoppin, 422 West Thompson street, this week.

### For Miss Romasser.

Misses Elmore and Rose Schumaker will entertain a number of friends Saturday night complimentary to Miss Dorothy Romasser of Kansas City, who will arrive in Maryville tonight to visit her brother and sister-in-law, Mr. and Mrs. Augustus Romasser, and friends in the city.

### Ray-Sullivan Wedding Announced.

Mr. and Mrs. James W. Ray of South Main street have announced the marriage of their daughter, Alice Marie, to Mr. Arthur Dean Sullivan, which took place May 6, at Rupert, Idaho. Mr. Sullivan and his bride will be at home at Rupert.

### Magazine Committee Reports.

The report of the Magazine day committee given at the monthly meeting of the City Federation of Clubs held Wednesday afternoon, shows a net clearance of \$36 on the shipment of magazines made a few weeks ago. The quantity shipped out this spring was only about a fourth of what was sent at the first collection made last spring. The money will increase the rest room fund.

### Mrs. Barry Entertains Society.

Mrs. Raymond Barry was hostess yesterday afternoon to the meeting of the Women's Missionary society of the Buchanan Street Methodist church. Miss Eva Ashford conducted the devotional exercises, after which the program was given. Mrs. John Awaft read a splendid paper on "A Young Working Girl." Mrs. N. F. Humber gave a reading on "The Reason Why," a mission story; Miss Alice Peery read a story entitled "Bargains," and the missionary bulletin was presented by Mrs. Pastorius. The closing number, a prayer service "For Those Who Toll," was conducted by Mrs. E. B. Sheldon. The July meeting will be at the home of Mrs. Solon Clark.

### Entertain at Country Home.

Mr. and Mrs. J. S. Weaver, living five miles east of Pickering entertained guests at a very pleasant evening at their country home this week. The hours were spent informally and a luncheon, carried out in the colors of pink and white was served. Those present were Mr. and Mrs. Charles Gosner, Mr. and Mrs. Will Shelman, Mr. and Mrs. Ernest Wray, Mr. and Mrs. A. H. Leech, Mr. and Mrs. Lewis Pistole, Mr. and Mrs. U. S. Leech, Mr. and Mrs. Everett Florea, Mr. and Mrs. Charles Florea, Miss Helen Scott, Miss Verna Pistole, Miss Iva Wray, Miss Bessie McKee, Miss Addie Killam, Miss Mary Leech, Ervin Shelman, Dennis Leech, Doyle Moore, Guy Scott, Noble Florea, Harry Gosner and Mr. and Mrs. Weaver.

### Approve of Public Rest Room.

The City Federation of Women's Clubs has been given a gracious compliment by the Herron Homemaking Circle which recently passed resolutions of thanks and appreciation for the efforts of the federation women in establishing and maintaining the women's public rest rooms. The Circle also expressed their intention of giving its greatest co-operation to the Federation in its work of supporting the room. They further voiced the highest praise of the courteous treatment given everyone by the rest room matron, Mrs. Melissa Casteck. The resolutions are to be placed on the Circle records. During the past month more than 1,200 women made use of the rest rooms.

### Matinee and Luncheon.

Charlotte Hope Wheelchel entertained a number of her young friends yesterday afternoon with a matinee party at the Fern theater to see "The Hoosier Schoolmaster," after which a luncheon at Reuillard's was served to her guests. The little girls of the crowd included Eva Margaret Frank, Esther Roseberry, Elizabeth Flynt, Mabel and Evelyn Raines, Beatrice Behm, Leta Clare Landfather, Margaret Louise Hosmer, and the hostess, and they were chaperoned by Miss Fannie Hope and Miss Carrie Hopkins. The gathering was a farewell merrymaking for the hostess, who, with her grandmother, Mrs. Thana Hope, leaves in a few days to spend several weeks at Corning, visiting Mrs. Hope's daughter, Mrs. Emory Leigh Wilson.

### Prof. and Mrs. Schuler at Home.

Prof. and Mrs. Harry Burnell Schuler were at home last night to a party of friends, receiving in compliment to their house guests, Mrs. W. W. Wilson, Miss Lela Buren, Miss Rose Addison,

Miss Ethel Wilcox, Miss Marie Wilson and Miss Marie Brassett of Princeton, and Miss Laura Robinson of Kansas City. Prof. and Mrs. Schuler, assisted by Mr. and Mrs. John Eldon Bailey, greeted their guests on the porch, and most of the evening was spent out of doors. Miss Miller and Miss Brassett served lunch in the dining room, and piano and voice numbers, given by Mrs. A. Frederick Harvey, Mr. Schuler and Prof. P. O. Landon, added to the enjoyment of the guests. Mrs. J. E. Bailey entertained guests at cards this afternoon in honor of the visitors, and a number of other pleasant affairs have been planned for their pleasure while in Maryville.

### Miss Hoyt Complimented.

Miss Ethel Hoyt of Quitman was the inspiration of a jolly surprise party given last night at her home, when the guests included the members of her Sunday school class and the choir of the Methodist and Christian churches. The hours were spent with various games, and a luncheon was served.

### Society Enjoys Lecture.

An illustrated lecture on "The Native's Alaska" was given yesterday at the home of Mrs. J. A. Ford for the entertainment of the Women's Missionary society of the First Presbyterian church. The lecture was given by the Rev. S. D. Harkness, and the slides were shown by Prof. John Cameron. Both the talk and pictures were much enjoyed. The other numbers of the program included a reading on "The Totem and Its Function," by Mrs. J. E. Cameron; "The Founding and Progress of Alaskan Missions," by Mrs. S. E. Farmer, and the reading of a poem by Mrs. S. D. Harkness. A social hour and luncheon, during which the hostesses were Mrs. O. L. Holmes, Mrs. E. H. Schenck and Mrs. L. E. Gault, concluded the afternoon.

### Letter to Mr. W. A. Blagg.

Maryville, Mo.  
Dear Sir: What's the penalty for making or selling short-measure paint in your state?

And does it make any difference if three-fourths of the paints are short measure?

Is seven pints a full-gallon or a fool-gallon?

What's the penalty for making or selling whitewash for paint?

Is whitewash paint, if mixed with a little paint and labeled "Pure mixed paint," or something like that?

But we don't intend to go into the business. We make Devos lead-and-zinc full-measure and true.

Yours truly,

F. W. DEVOS & CO.,  
New York and Chicago.

P. S.—Koch's Pharmacy sells our paint.

### College Band Gives Concert.

The people of Conception Junction enjoyed a fine concert this afternoon, given by the band of Conception college. The band includes thirty members and is one of the best trained musical organizations in this part of the state. They gave an hour's program on the business streets of the town.

### 17 Births to 6 Deaths.

There were seventeen births and six deaths in Polk township during the month of May. For Maryville there were eight births and three deaths.

### Visiting in Dakota.

Miss Lizzie Sturm of Clyde left yesterday for Plankinton, S. D., to spend several months visiting her sister.

FOR RENT—After July 1, 5-room flat with bath and electric lights. Inquire Dr. F. M. Martin. 11-14

### Corning Guest Here.

Mrs. E. L. Wilson of Corning, Mo., arrived in Maryville yesterday to visit her mother, Mrs. Thana Hope.

Nyal's Liver Salts for indigestion Koch Pharmacy.

### Arrives from St. Paul.

James Juhl of St. Paul, Minn., is visiting relatives at Clyde.

## Corwin-Murrin Clothing Co.

### FOR BABY'S CARE IN SUMMER.

### Government Bureau Offers Advice on Infants During Hot Months.

The care of the baby during the hot summer months is treated in an article just issued by the Children's Bureau of the U. S. Department of Labor. It says in part:

A baby must be kept as cool as possible in summer, because overheating is a direct cause of summer diarrhea. Even breast-fed babies find it hard to resist the weakening effects of excessive heat. Records show that thousands of babies, most of whom are bottle-fed, die every year in July and August, because of the direct or indirect effects of the heat. Next in importance to right food in summer are measures for keeping the baby cool and comfortable; frequent baths, light clothing, and the selection of the coolest available place for him to play and sleep.

A baby should have a full tub bath every morning. If he is restless and the weather is very hot, he may have in addition one or two sponge baths a day. A cool bath at bedtime sometimes makes the baby sleep more comfortably. For a young baby the water should be tepid, that is, it should feel neither hot nor cold to the mother's elbow. For an older baby it may be slightly cooler, but should not be cold enough to chill or frighten him.

If the water is very hard a tablespoonful of borax dissolved in a little water may be added to three quarts of water to soften it. Very little soap should be used and that a very bland, simple soap, like castile. Never rub the soap directly on the baby's skin and be sure that it is thoroughly rinsed off, as a very troublesome skin disease may result if a harsh soap is used or if soap is allowed to dry on the skin.

Use a soft wash cloth made from a piece of old table linen, towel, knitted underwear, or any other very soft material, and have two pieces, one for the face and head and one for the body. The towel should be soft and clean also. Even in summer the baby should be protected from a direct draft when being bathed lest he be too suddenly chilled.

A young baby should be carefully held while in the tub. The mother puts her left hand under the baby's left arm and supports the neck and head with her forearm. But an older baby can sit alone and in summer may be allowed to splash about in the cool water for a few minutes.

When the bath is finished the baby

should be patted dry, and the mother should take care to see that the folds and creases of the skin are dry. Use a little pure talcum powder or sifted corn starch under the arms and in the groin to prevent chafing. If any redness, chafing, or eruption like prickly heat, develops on the skin, no soap at all should be used in the bath. Sometimes a starch, or bran, or soda bath will relieve such conditions.

BRAN BATH. Make a little bag of cheesecloth and put a cupful of ordinary bran in it and sew or tie the top. Let this bag soak in the bath, squeezing it until the water is milky.

STARCH BATH. Use a cupful of ordinary cooked starch to a gallon of water. (If the laundry starch has had anything added to it, such as salt, lard, oil, bluing, it must not be used for this purpose.)

SODA BATH. Dissolve a tablespoonful of ordinary baking soda in a little water and add it to four quarts of water.

CLOTHING. Do not be afraid to take off the baby's clothes in summer. All he needs in hot weather are the diaper and one garment. For a young baby this may be a sleeveless band which leaves the arms and chest bare, and for an older baby, only a loose thin cotton slip or apron, or wrapper, made in one piece with short kimono sleeves. Toward nightfall when the day cools, or if the temperature drops when a storm arises, the baby should of course, be dressed in such a way as to protect him from chill.

Cotton garments are best for the baby in summer. All-wool bands, shirts, and stockings, should not be worn at any time of the year, and in hot summer weather only the thinnest all-cotton clothing should touch the baby's skin, unless he is sick, when a very light part wool band may be needed. In general, neither wool nor starch should be allowed in the baby's clothing in summer. Wool is too hot and irritating and starched garments scratch the baby's flesh.

The baby should be kept day and night in the coolest place that can be found. The kitchen is usually the hottest room in the house, especially if coal or wood is burned for fuel. While the mother is busy with her work the baby should be kept in another room, or better, out of doors, if he can be protected from flies and mosquitoes.

A play pen makes it possible to leave the baby safely by himself on the porch or in the yard, after he is old enough to creep.

A screened porch on the shady side

of the house is a boon to every mother, affording a cool, secure place for the baby to play and also to sleep. Let him have his daytime naps on the porch and sleep there at night during the heat.

Do not be afraid of fresh air for the baby. He can not have too much of it. Night air is sometimes even better than day air, because it has been cooled and cleansed of dust by the dew.

The essentials in the summer care of babies are: proper food, given only at regular intervals; a clean body; fresh air, day and night; very little clothing; cool places to play and sleep in.

Do not give the baby medicine of any sort unless it is ordered by the doctor. Never give him patent remedies which are said to relieve the pain of teething, or to make him sleep, or to cure diarrhea, for such medicines are likely to do the baby much more harm than good, especially in summer when the digestion is so easily disturbed. It is so much easier to keep the baby well, than it is to cure him when he is sick, that wise mothers try to take such care of the baby that he will not be sick.

Do not fail to give the baby a drink of cool water several times a day in hot weather. Boll the water first, then cool it, and offer it to the baby in a cup, glass, or nursing bottle. Babies and young children sometimes suffer cruelly for lack of drinking water.

## Taxi Cab Notice

Owing to so much misunderstanding and misrepresentation, I want to state plainly to the public:

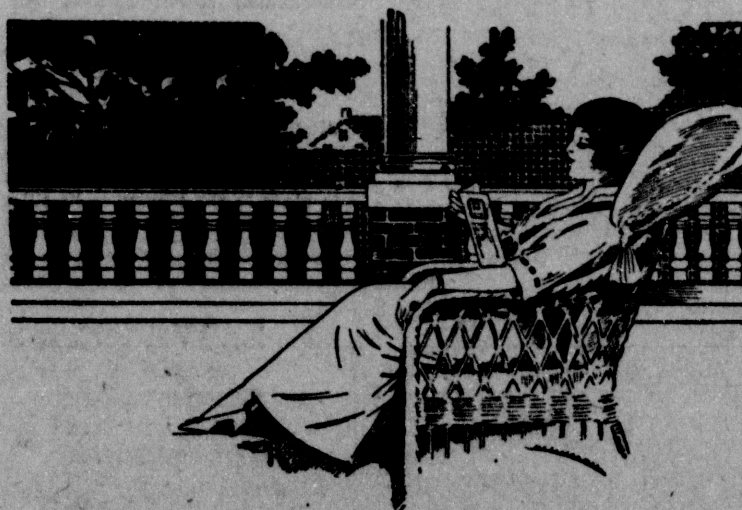

Knox Taxi Cab and Auto Calls to Trains and any part of the city will be one price. All day calls (5) Five cents. All night calls (10) Ten cents. Prompt service and careful drivers.

We handle Baggage promptly and carefully. Trunks, (15) Fifteen cents to and from depot and all parts of the city. Country Livery Fifteen Cents a mile.

PHONES.

HANANO 515 FARMERS 163

## PEARL screens pay back their cost—

in extra wear—in freedom from paint expense and repair bills—genuine PEARL Wire Cloth pays back its cost many times over. For screening porches, doors and windows, this material is so much superior to "galvanized" and "painted" kinds that there's positively no comparison.

Rust, not wear, ruins screens. Genuine Gilbert & Bennett PEARL Wire Cloth is as near rust-proof as metal can be made. That's why it wears so well. No other screen is made like PEARL, so no other screen can wear like PEARL.

GILBERT & BENNETT  
**Pearl**  
WIRE CLOTH

For Screening Doors, Windows and Porches—  
Made in Two Weights—Regular and Extra Heavy

The cost of genuine Gilbert & Bennett PEARL Wire Cloth is far below the value it offers in wear and appearance.

It is stiffer in texture than ordinary wire cloth—an accidental bump from a piece of furniture won't affect it. Combined with its rust-proof qualities this is an additional guarantee of long wear and satisfaction.

We sell genuine PEARL Wire Cloth with two Copper Wires in the Selvage and the Round Tag bearing the Gilbert & Bennett name on each roll.

### TO CONTROL SAN JOSE SCALE.

#### Weapons the Orchardist May Use Against This Destructive Pest.

Detailed instructions for the use of various sprays in controlling the San Jose scale are given in a new publication of the U. S. Department of Agriculture, "The San Jose Scale and Its Control." In the absence of proper treatment, this widespread pest will bring about the death of most fruit trees and of many ornamental and shade trees.

Its discovery, therefore, should be followed by prompt measures of control, whether it be found in commercial orchards or in private grounds. Private individuals, however, will scarcely feel disposed to equip with such expensive apparatus as orchardists may find profitable. The bulletin, therefore, describes washes and spraying apparatus suitable for varying conditions.

Where only a few plants are infested, it is probably better for the owner to use some of the prepared washes. In fact many commercial orchardists prefer to use these in preference to making them at home. These consist of compounds of sulphur in a highly concentrated condition, or powders, to which it is only necessary to add a sufficient quantity of water.

The powders which have but recently appeared on the market are much more convenient to handle and store than the commercial lime-sulphur concentrates. The latter, however, are still largely used by orchardists who do not care to incur the expense of constructing the cooking plant to

make their own lime-sulphur washes. Prepared in one way or another, some form of lime-sulphur wash is the most common agent for controlling this scale. A formula much in use some years ago was: Stone lime, 20 pounds; sulphur, 15 pounds; water to make, 50 gallons.

In preparing this wash, about one-third of the total quantity of water required is heated in a cooking barrel or vessel; the lime then added, and the sulphur immediately afterwards. The sulphur should previously, however, have been made into a thick paste with water.

After the lime has slacked, about another third of the water should be added and the cooking continued for an hour, when the rest of the water is put in. During the time of cooking stirring is necessary if the wash is cooked in kettles. It must also be strained as it is run into the spray tank.

Comparatively few fruit growers now employ this method, because this wash must be applied immediately after it is cooked—otherwise there is crystallization of the sulphur and hardening of the sediment upon cooling. The cooking is also inconvenient. It is for these reasons that manufacturers put on the market concentrated solutions of lime-sulphur already mentioned, and which when used at proper strength are quite as satisfactory as the old time formula.

When lime-sulphur concentrates are made at home, the so-called 50-100-50 formula is frequently used. This is composed of 50 pounds of lime, 100 pounds of sulphur, and water to make 50 gallons—the respective ingredients

being boiled together for from 50 minutes to an hour, while the mixture is vigorously stirred either by hand or by a mechanical agitator.

As soon as the cooking is over, the solution should be drawn off and run through a 30-mesh strainer into barrels, the agitation being continued all this time in order to effect an equal distribution of the sludge.

When properly stirred this solution can be kept for a year or more before being used. Such concentrates vary considerably in strength, and it is important that they be tested with a hydrometer. The new bulletin contains a table giving the quantities of lime-sulphur concentrates of various strengths necessary to make 50 gallons of the spray solution. The number ranges from 1 1/4 gallons for a summer application with a strong concentrate, to 1 1/2 gallons for a winter application with a weaker one.

In controlling the scale, it is always advisable to spray the trees while in a dormant condition, for at this time the wash may be used much stronger than would be safe to use on foliage. Spraying may be done in the fall, in mild climates during the winter, or preferably in early spring before the buds push out.

For small plants, low trees, ornamental hedges, etc., a bucket pump or knapsack pump will provide all the apparatus necessary. For orchards of some size, as 5 to 10 acres, a barrel or hand power pump will prove more satisfactory, and for large commercial orchards gasoline outfits are usually employed. Where only one or two trees are to be treated, it is impracticable to apply the wash on limb and branches with a brush.

In addition to the lime-sulphur washes, kerosene and crude petroleum, either pure or in emulsions, are used. The department does not commend, however, the use of the oils in a pure condition, and while there is no question as to their efficacy in destroying the insects, their employment is likely to cause serious injury to the trees.

Kerosene and crude petroleum may be readily emulsified in soap and the oil thus used at any desired strength. The so-called "Miscible oils," however, which are commercial preparations, are now largely used by those requiring oil sprays in preference to the home-made emulsions.

Treatment with these oils is probably desirable only when the infestation is very severe and experience has shown that the scale will not be controlled by lime-sulphur sprays. Soap washes made from fish oil soap are also used to some extent at the rate of two pounds to the gallon of water, and always on trees in a dormant condition.

### GOOD INDEPENDENCE DAY READING.

**H**AVE you not learned that not stocks or bonds or stately houses or lands or products of mill or field are our country? It is a spiritual thought that is in our minds. It is the flag and what it stands for; it is its glorious history; it is the fireside and the home; it is the high thoughts that are in the heart, born of the inspiration which comes of the story of the fathers, the martyrs to liberty; it is the graveyard into which our grateful country has gathered the unconscious dust of those who died. Here in these things is that thing we love and call our country rather than anything that can be touched or handled. Let me hold the thought—that we owe a duty to our country in peace as well as in war. Perhaps never in the history of our nation have we been so well equipped for war upon the land as now, and yet we have never seen a time in our history when our people were so smitten with a love of peace.—Benjamin Harrison.

how she found it would take more time than she could spare. The next morning Angela said to the young man on the ladder:

"You'll observe that my garden has been materially increased since the day before yesterday?" And after a minute, in which neither spoke: "Thank you. They are very, very pretty."

Angela continued to wash the faces of the pantries, though they did not need it after the rain of the day before. And the little velvet leaves felt the nervous twitch in the fingers which dressed them.

"I did not know it would rain on them when I put them there," said the young man, glancing at the hearts.

"But it isn't raining now," she said, still looking at the pantries.

"Angela, will you let the sun shine on my heart always as brightly as it is now shining on the flowers' hearts? Look up, Angela. I love you," he said.

"If—if you won't shoot any more firecrackers at me," she replied, with a happy, tremulous little laugh. "It is you who have taken away my independence days now."

**Patriots Stand Before Kings.** Franklin, Jay, Gallatin, Seward and scores of American statesmen have stood before kings, have been of the throngs that crowded court receptions, and they have always borne themselves gallantly and been recognized everywhere as nature's noblemen. The American people are unworthy of these creators of their country if they ever neglect to cherish the memory of the greatness of their patriots.

## ASKS PEOPLE TO PASS JUDGMENT

Former Secretary Bryan Issues  
Appeal to American People.

### GOOD INTENTIONS NOT ENOUGH

Must Be Right to Be Warranted in Quitting in the Midst of International Stress—Penalty of Men Before Public.

Washington, June 11.—Coincident with the publication of the note to Germany former Secretary Bryan issued another statement, in which he says: "You now have before you the text of the note to Germany—the note which it would have been my official duty to sign had I remained secretary of state. I ask you to sit in judgment upon my decision to resign rather than to share responsibility for it."

"The president and I agree in purpose; we desire a peaceful solution of the dispute which has arisen between the United States and Germany. We do not only desire it, but with equal fervor we pray for it, but we differ irreconcilably as to the means of securing it."

"Among the influences which governments employ in dealing with each other there are two which are pre-eminent and antagonistic—force and persuasion. Force speaks with firmness and acts through the ultimatum; persuasion employs argument, courts investigation and depends upon negotiation. Force represents the old system—the system that must pass away; persuasion represents the new system."

### Says Not Conforms to Old System.

"If I correctly interpret the note to Germany, it conforms to the standards of the old system rather than to the rules of the new, and I cheerfully admit that it is abundantly supported by precedents—precedents written in characters of blood upon almost every page of human history. Austria furnishes the most recent precedent; it was Austria's firmness that dictated the ultimatum against Serbia, which set the world at war. Every ruler now participating in this unparalleled conflict has proclaimed his desire for peace and denied responsibility for the and it is only charitable that we should credit all of them with good faith."

"They desired peace, but they sought it according to the rules of the old system. They believed that firmness would give the best assurance of the maintenance of peace, and faithfully following precedent, they went so near the fire that they were, one after another, sucked into the contest."

"This is what firmness, supported by force, has done in the old world. Shall we invite it to cross the Atlantic? Already the jingoes of our own country have caught the tremors from the dogs of war; shall the opponents of organized slaughter be silent while the disease spreads?"

"As a humble follower of the Prince of Peace as a devoted believer in the prophecy, 'they that take the sword shall perish by the sword,' I beg to be counted among those who earnestly urge the adoption of a course in this matter which will leave no doubt of our government's willingness to continue negotiations with Germany until an amicable understanding is reached, or at least until the stress of war is over, we can appeal from Philip drunk with carnage to Philip sobered by the memories of an historic friendship and by a recollection of the innumerable ties of kinship that bind the fatherland to the United States."

Confident that the public will credit him with honorable intentions, Mr. Bryan frankly says that good intentions are not enough and that if the public verdict is against him he asks no mercy, asserting that men in public life must be "willing to bear any deserved punishment, from ostracism to execution."

MARYVILLE, MISSOURI, FRIDAY, JUNE 11, 1915.

NUMBER 7.

## POULTRY CLUB TO GET STATE HELP

NORTHWEST ASSOCIATION ELECTS OFFICERS TOMORROW HERE.

## PLAN FOR COUNTY SHOW HERE DECEMBER 1 TO 4

Annual Session of Members Will Be Held at Court House Tomorrow—Expect Light Attendance.

The election of officers of the Northwest Missouri Poultry association will be held at a meeting of the association in the circuit court room of the court house at 2 o'clock tomorrow afternoon. Plans for the sixteenth annual poultry show to be held here from December 1 to 4, inclusive this year, also will be made. This will precede the state show to be held in Joplin from December 7 to 11, inclusive.

The association also will be reorganized tomorrow to conform to state requirements made by the last legislature, so that it may be entitled to \$100 offered by the state for premium awards. This will not necessitate many changes or improvements, it is said, as the Northwest association already is considered one of the best county organizations in Missouri.

The present officers of the association are: Fred P. Robinson, president; Joseph H. Saylor, secretary; Prof. John E. Cameron, treasurer; John S. Gross, superintendent.

### Many Can Not Attend.

While the association has a membership of fifty, most of them residents of Nodaway county, it is not believed more than half or two-thirds of the members will attend the meeting tomorrow on account of the roads and rush of work on the farms. The meeting has been postponed from time to time already this spring, however, so the officers felt it imperative to hold the election now, instead of further postponing it.

The fund provided by the state at the last legislature is for the biennial period of 1915 and 1916 and totals \$10,000. No county shall receive more than \$100 annually. The first section of the law reads:

### Must Comply With Provisions.

That duly organized poultry associations or clubs within the State of Missouri which have a duly elected president, secretary, treasurer, executive board, and members, shall be entitled to receive not to exceed one hundred (\$100.00) dollars for the state of Missouri to apply on the total amount of premiums paid by such annual poultry association on the exhibits of poultry or eggs shown by farmers and poultry breeders residing within the State of Missouri, after complying with the provisions of this act.

### FRACTURES ANKLE IN FALL.

Thomas Berry of Ravenwood Injured Yesterday Afternoon.

Thomas Berry, a carpenter living at Ravenwood, was severely hurt yesterday afternoon when he fell from the roof of a barn on which he was working. Mr. Berry stepped on a cross board which broke with his weight and let him fall a distance of 28 feet to the ground. He hit on his feet and the impact pushed his right ankle bone through the heel of his foot. The fracture is very serious and he also suffered other contusions.

### To Order Car of Brick.

A car of brick will be ordered soon by the city for the repair of the brick paved streets of Maryville, which was begun this week, according to City Engineer F. L. Flynt. Main street from Third to Second street is being repaired this week. It is intended to extend the work to all paved thoroughfares in time.

## WILL GIVE SONG RECITAL.

C. N. Guice, Evangelist, Will Return as Epworth League Attraction June 14.

The Rev. C. N. Guice, who conducted the song services in the three weeks revival at the First Methodist church this spring, will return here next Monday night to give a song recital in the First Methodist church for the Epworth League. Mr. Guice and the Rev. Thurston B. Price are now conducting a union evangelistic meeting at Carrollton.

The recital is being given by the Methodist young people to defray the

C. N. GUICE, EVANGELIST SINGER.

expenses of the delegates to the annual Epworth League institute and convention to be held this summer in Baldwin, Kan. It is planned to send five or six delegates.

A reception will be given to Mr. Guice after the recital in the League parlors in the church basement. All who attend the recital are invited. Punch and wafers will be served.

## LEFT CUT OUT OPEN; FINED

Joseph Saunders Nabbed For Auto Noise—It Cost Him \$11.10.

Joseph Saunders was fined \$5 and costs of \$6.10 in police court this morning when he pleaded guilty to having left the cut out of an automobile he was driving open last night. He was arrested by Chief Moberly on East Third street, after the Chase-Lester show last night. He paid the fine. The arrest is the first to follow instructions by the council recently to more strictly enforce the ordinance regulating the operation of automobiles. The city ordinance was passed years ago, but recently had not been enforced very stringently.

## HYDRANGEA HAS FIFTY BLOOMS.

Plants in the H. F. Leet Yard Attract Much Attention.

A number of blooming hydrangea plants in the yard of the H. F. Leet residence, at 331 East Fourth street, have attracted the admiration of all who have seen the plants by the gorgeousness and size of the blossoms. Several of the larger single clusters are about 12 inches across, and the small flowers are of unusual beauty.

One of the largest plants has over fifty blossoms and each of the others are blooming prolifically.

### Spent Day Here.

Mrs. J. O. Dougan of Bolckow spent yesterday visiting her mother, Mrs. J. W. Houghtaling, who makes her home with her son-in-law and daughter, Mr. and Mrs. C. O. McCoppin.

### Clearmont to Play Clarinda.

A base ball game between the teams of Clearmont and Clarinda, Ia., is scheduled at Clearmont for Sunday afternoon. Clearmont was defeated by Tarkio last Sunday 5 to 11.

## TO CHANGE A ROAD

PLAN STRAIGHTER HIGHWAY BETWEEN POLK AND GREEN.

## TO REMOVE TELEPHONES

Hanamo Service Eliminated by County Court Because of Prices—None in Court House—Pay for Bridge.

Road and bridge improvements are still the theme of the county court in session here this week. It is planned by the county to settle the state road difficulty east of town by filling in the depression at the Wabash viaduct and thereby eliminating a mud hole of months existence. It probably will be done within a few days.

The county court and Surveyor J. E. Reese also intend to survey for a new road west of Maryville along the Green Polk township line this afternoon. The action follows a petition by property owners there recently that the road for a distance of less than a mile, be straightened. It extends north from the county infirmary.

Final settlement for the new steel bridge recently erected across the Nodaway river, between Clearmont and Elmo, also was made this morning. It was constructed by the Decatur Bridge company of Decatur, Ill., for \$2,643.

### Remove Hanamo Phones.

The five telephones of the Hanamo Telephone company, which have been in five different offices of the county here for years, will be removed today as a result of action taken last yesterday afternoon by the county court. Service was cut off yesterday afternoon.

The elimination of the 'phone service was ordered because of the price charged by the Hanamo for the rental of the telephones. The telephones of the Mutual Telephone company will remain. The rates for the Hanamo telephones have been \$3 a month. The Mutual 'phones cost but \$1 a month.

The telephones were located, one each, in the county jail, sheriff's office, office of prosecuting attorney, office of county clerk and office of recorder of deeds.

### SKIDMORE TO BETTER ROADS.

Citizens Subscribe \$400 to Improve Highway West of River Bridge.

A fund of nearly \$400 has been subscribed and pledged by citizens of Skidmore for the improvement of the public road which leads west from Skidmore across the Nodaway river bridge. The solicitation was done by a committee composed of J. O. Miller and L. D. Jordan.

The township board will duplicate the amount subscribed, while persons living west of the town have agreed to help. It is declared to be the worst stretch of road in Nodaway county by the New Era. Reuben Barrett is trustee of Monroe township.

### KNOCK GOOD ROADS DAYS, TOO.

Cole County Will Not Observe June 15 and 16, Because of Busy Season.

The decision of the county court of Nodaway county not to ask the residents of the county to observe June 15 and 16 as "good roads days," as requested by Governor Major, is followed up by the Cole county court. It has declined for the same reason as the Nodaway county officials. They believe it is too busy a time on the farm to ask the farmer to lay aside his work now.

The county court of Nodaway county will probably ask for the observance later in the season.

### NEGROES PLAN BALL GAME.

Black Sluggers Will Meet Savannah Team Here Next Tuesday Afternoon.

The Black Sluggers, a newly organized base ball team of Maryville negroes, will play the Savannah Brownies at Federal park here next Tuesday afternoon, beginning at 3:30 o'clock. Some good material is gathered by the Sluggers for the initial game.

### Plan Sunday School Meet.

The second annual conference of the Worth County Sunday School association will be held at the Christian church in Grant City on Thursday and Friday, June 24 and 25. A good program has been prepared for the occasion.

### Return from Ohio.

Mrs. Ray Davis and daughter returned yesterday from a month's visit at Plymouth, O., with Mrs. Davis' father, James T. Waters.

## FEDERALS TO PLAY HOPKINS

Close Match Expected in Game Sunday Afternoon—Improve Grounds and Accommodations.

A close game is expected when the Federals clash with the well trained Hopkins base ball team at Federal park here Sunday afternoon, beginning at 3 o'clock. A. C. Thomas, coach of the Hopkins nine, has been putting the players through some strenuous practice, and every preparation is being made to take the honors in the Sunday game.

A similar effort is being made by the Federals to hold the game for their own, though a really hard tussle is anticipated. The Hopkins team defeated the locals at Hopkins a few weeks ago and won from Creston, Ia., last Sunday by a close score.

The diamond west of the city has been improved this week and better accommodations are promised the patrons for the second game at home. The diamond has been smoothed some and bleachers erected at the east side of the grounds. Ed Keck will umpire the game.

The line-up for the Federals as announced today by Assistant Manager Harry Scott will be: Ham, p; Delma Carmichael, c; Tilson, 1b; Bailey, 2b; Scott, 3b; Conley, ss; Charles Carmichael, lf; Ernst, cf; Morris, rf.

## FORMER RESIDENT MURDERED?

Body of William Sherr Found in Arkansas River at Wichita, Kan.

Mrs. William Messbarger and son, Fred, of Burlington Junction have recently returned from Olathe, Kan., where they went to attend the funeral of Mrs. Messbarger's brother, William Sherr, of Wichita, Kan.

An uncertainty surrounds the circumstances of Mr. Sherr's death. His body was found in the Arkansas river at a point near Woodland park, Wichita, by men employed on a sand boat. Mr. Sherr was last seen at 2 o'clock the previous afternoon in Woodland park. Relatives believe him to have been murdered and his body thrown in the river.

Mr. Sherr, who was at one time a resident of Nodaway county, came here May 25, to attend the funeral of his brother-in-law, William Messbarger. Mr. Sherr went to Kansas in the fall of 1892. Previous to that time he had lived at Burlington Junction and at Parnell. Shortly after leaving Nodaway county he was married to Miss Margaret Kelly of Garden, Kan., a sister of Hon. T. A. Kelly, former state treasurer, and of the Rev. Father Kelly of Leavenworth, Kan. He made various moves during later years and finally came with his family to Wichita, Kan., in 1913, to reside.

Mr. Sherr's wife died last September, and he is survived by one daughter, Mary Sherr. He also is survived by his mother, Mrs. Mary Sherr, of Parnell; three sisters and four brothers. They are Mrs. William Messbarger of Burlington Junction, Mrs. Andy Spires and Mrs. William Welch of Parnell, Fred Sherr of Idaho Springs, Col.; Charles and Joseph Sherr of San Francisco, Cal., and John Sherr of Lancaster, O. At the time of his death Mr. Sherr was 60 years old and had accumulated a large fortune. The body was taken to Olathe, Kan., for burial.

## BOOSTERS ON TOUR

"GUINEA DAY" BEING ADVERTISED IN WEST SIDE TODAY.

## VISIT OTHERS MONDAY

Twenty-Five Leave for Wilcox, Clearmont, Elmo, Dawson and Burlington Junction—Band Accompanies.

The second tour of the county to boost "Guinea" day here next Wednesday, June 16, was made this afternoon by a bunch of about forty-five of the enterprising men of the city, beginning at 1:30 o'clock this afternoon. On account of inability to leave this morning on account of roads, it was necessary to eliminate several proposed stops today.

The remainder of the towns in the county may be visited Monday, however. The trip today will include Wilcox, Clearmont, Elmo, Dawson, Burlington Junction, and perhaps Quitman and Skidmore. The boosters will at least go as far as Burlington Junction. The members of the Fourth Regiment band accompanied the boosters and gave concerts at each stop.

The towns that may be visited Monday at Arkoe, Maitland, Graham and Quitman and Skidmore, if they are not visited this afternoon.

## WITNESSES GONE; DEFER TRIAL.

Hearing of James Palmer, Negro, for Assault Set for June 21.

Because several witnesses for the city had left the city and could not be present today, the trial of James Palmer on two charges of common assault, set for today in police court, was postponed until Monday morning, June 21. The complaints against Palmer were made by his wife and daughter last week.

## MEDICS MEET TONIGHT.

County Physicians Will Discuss Measles—Drop Discussion on Woodson "Measles and Its Complications" will be the principal topic for discussion at the regular meeting of the Nodaway County Medical association in the public library tonight. The discussion and action concerning the ouster of Dr. C. R. Woodson, St. Joseph, from the presidency of the State Medical association, will be dropped, following the reinstatement of Dr. Woodson this week.

## LOOKS AFTER PROPERTY.

Moss Building, Occupied by Haines Store, Being Remodeled. Dr. H. E. Moss of Kansas City spent yesterday in Maryville looking after business affairs. Dr. Moss came to superintend some extensive remodeling being done to the Moss building, which is occupied by the Haines dry goods store. The unfinished warehouse at the west of the present store is being finished for a salesroom, and a new warehouse will be built at the west end. Other material changes are being made in the store building in order to give greater selling space.

## WILL HAVE LIGHTS SOON.

Skidmore Business Men Loan Mound City Company \$2,900 for Electric Service.

The Mound City Light and Ice Company, which has been engaged to extend electric current to Graham, Maitland and Skidmore, has installed a line as far as Maitland and is pushing the work northward towards Skidmore this week.

E. W. Miller, president of the company, announces that \$2,900 has already been subscribed by business men of Skidmore for bringing the improvement there. It will be merely used as a loan and not a bonus.

## On Western Trip.

Mr. and Mrs. Robinson Craven, Mr. and Mrs. Preston Seafers and Mr. and Mrs. Ernest Welborn will leave tomorrow morning for an extensive visit in the west. They will stop first at the Panama-Pacific exposition at San Francisco, and will then tour along the coast. The Welborns will spend a month and the others of the crowd will remain three months.

## Mrs. Douglas and Daughter Home.

Mrs. J. F. Douglas and daughter, Nellie, returned Wednesday night from a ten months' stay in southern California. Enroute home they visited many places of interest through the west. They were accompanied by Mrs. Alpha Bishop, who has been spending the past three months at Long Beach and Los Angeles, Cal.

## WOMAN, 72, MENTALLY UNSOUND.

Mary E. Brown, Telephone Operator, Gaynor, Before County Court As to Sanity.

Mrs. Mary E. Brown, telephone operator at Gaynor City, was brought before the county court this afternoon to have her soundness of mind passed upon. It is desired to have her placed in the state hospital at St. Joseph. She is 72 years old and has been afflicted mentally for about two years, according to a son, C. T. Brown, of Elston, Ia., who came here with her today. She has lived in Gaynor about ten years.

Mr. and Mrs. E. A. Hefflin of Salina, Kan., son-in-law and daughter, and L. A. Night of Gaynor City, also accompanied the son and mother here today.

## BALL TEAMS OWE UNCLE SAM!

Admission Charge Obliges Management to \$10 War Revenue License.

Managers of all base ball teams or organizations owning or leasing parks and charging admission to their games will be interested to know that since April 1 they have owed Uncle Sam \$10. The collector of internal revenue is under instructions to collect the aforesaid \$10 from every manager of a team which charges admission to its games.

There's the hint that may clear the atmosphere of not a few of the "semi-pro" teams that clutter all cities. But if you were in the game since the first of April you'll have the ten to pay.—Creston American.

## BABY DAUGHTER DIED.

Funeral Services Will Be Held at Pickering Tomorrow.

Laura Evelyn, the 16-months-old daughter of Mr. and Mrs. James Greenlee of East First street, died at noon today after a week's illness.

The funeral services will be held at 1 o'clock tomorrow at the Christian church of Pickering, conducted by the Rev. R. L. Finch of this city. The burial will be made in the White Oak cemetery, near Pickering.

## To Summer in Colorado.

Mrs. Ferdinand Michau Townsend and young son, Edward Bohm, will leave in a few days for Denver, Col., to spend the summer with Mrs. Townsend's parents, Mr. and Mrs. Henry Bohm. They will be accompanied by Mrs. A. M. Hagins, who will remain with them during the summer.

## Brings His Family Here.

Mrs. J. H. Martin and son, Eugene, arrived here yesterday afternoon from Kansas City to join Mr. Martin, who came here last December to take the superintendency of the municipal water plant. They will reside at 1001 North Dewey street. The youngest son will remain in Kansas City until school closes. Although but 17 years old, Eugene is 6 feet 3 inches tall and weighs but 170 pounds.

## Union Star Much Honored.

For the fifth year in succession one or more pupils of the Union Star school, near Skidmore, received scholarships for efficient school work. This year the honors fell individually to Miss Gertrude M. Strickler and Dean Goslee, each of whom received scholarships to the Skidmore high school.

## Wabash Trains Late Again.

The Wabash had two bridges and a part of their track washed out west of Triplett last night in a big rain storm. The passenger train No. 1, which is due here at 6 a. m., had not arrived today at noon and was reported to get here about 3 o'clock.

## Saints Meet Tomorrow.

The annual Nodaway District Latter Day Saints Sunday school convention, which was to have been held at Ravenwood recently, will be held there tomorrow and Sunday, instead it is announced.

Miss Cornelia Hurst of St. Charles, Mo., who has been attending Lindenwood college is now attending the Normal. Miss Hurst is staying with her grandparents, Mr. and Mrs. W. L. Johnson of East Fifth street.

## CITY MAY ENCLOSE WEST SIDE DITCH

PROPOSE SEWER FROM SIXTH TO FIRST FOR SANITATION.

## IMPROVEMENT EXPENSE WOULD BE MET BY TAX

Plan to Safeguard Health and Beautify City Would Cost \$6,000 or \$12,000—To Tax Equally.

A proposition to remove from the city not only an unsanitary nuisance but also an unsightly ditch, which would cost approximately \$12,000 by one method and about \$6,000 by another, is now under way by both property owners and city officials. The proposition is to fill the ditch that extends through the west part of Maryville, beginning near Seventh street and the Wabash switch tracks and extending in a southeasterly direction.

City Engineer F. L. Flynt is now getting material bids and several property owners have expressed a willingness to aid in the movement and to pay their part of the taxes necessary to make the improvement. It is proposed to later place the matter before the council for the purpose of having an ordinance passed authorizing the establishment of such a sewer district.

According to City Engineer Flynt material for the drainage ditch would cost approximately \$5,000. It is proposed to either build it of cement or segment tiling. If no laterals are laid into the sewer it would cost only about an extra \$1,000 for labor, etc., City Engineer Flynt figures. By making the improvement complete in the way of laterals, catch basins and otherwise providing ample drainage the cost would be brought to a total of about \$11,000 or \$12,000.

The cost is figured, however, on the proposition to install the drainage district or sewer from Sixth street southeast to First street or Jenkins. The remainder of the ditch either is not large or runs through sparsely settled parts of the city.

### Don't Need Owner's Consent.

It is proposed to lay a sewer four feet in diameter or perhaps more. Considering the improvement to extend from Sixth to First street, it would be about 1,650 feet long. It is proposed to make the sewer straight and not wind about as the ditch now extends.

The law provides that the district sewer may be established by two ways. It may be ordered done by the city council on petition of a majority of property owners in the district or, if deemed necessary as a sanitary measure, it may be ordered established on the council's own initiative.

Payment would be made by special tax and would include all districts lying in the drainage channel of the ditch. This, City Engineer Flynt figures, would be approximately all of Maryville west of Buchanan street and north of Jenkins street. By placing it such a large district, the cost to each property owner would be small.

### Each to Pay Equal Share.

The state law on the subject is: District sewers shall be established within the limits of the districts, to be prescribed by ordinance, and shall connect with public sewers or other district sewers, or with the natural course of drainage, as each case may be. Such districts may be subdivided, enlarged or changed by ordinance at any time previous to the construction of the sewer therein; and more than one district sewer may be laid in a sewer district if deemed necessary by the council for sanitary or other purposes.

The council shall cause sewers to be constructed in each district whenever a majority of the property holders, residents therein, shall petition therefor, or whenever the council shall deem such sewers necessary for sanitary or other purposes, and said sewers shall be of such dimensions and materials as (Continued on page 2.)

### MAKE ROAD IMPROVEMENTS.

Highways and Bridges Near Burlington Junction Being Repaired—River Bridges Damaged.

The roads and bridges in Nodaway township, damaged by the recent rains, are being repaired again, according to the Burlington Junction Post. It says in part:

The west bank under the approach of the middle bridge over the Nodaway river has caved in, and for a few hours there was no way to cross the river, except by the railroad bridge, as both north and south bridges were out of order. Members of the township board, assisted by a big crowd of volunteers, met at the bridge and lengthened the approach so that it could be crossed.

The east approach of the bridge near the Tibbetts place north of town was washed out in the recent floods. Workmen have been repairing the Corken bridge, and it is thought this bridge can be crossed by next Monday.

The pile driver has been moved to the north bridge and it will be repaired as quickly as possible. When both of these bridges are in shape the middle bridge will be looked after. It has been suggested to change the west road to this bridge in order to do away with the sharp bend at this point, but nothing definite has been done.

A good many complaints have been made regarding the condition of the county seat road west of Burlington Junction. J. W. Praisewater, president of the county board, informs us that contracts have been let for the dragging of the county seat road from the Ernest Boyer corner, east of town, to the Atchison county line.

John Boyer and Ed Hackett, who have the contracts for the road from the E. Boyer corner to Burlington Junction, fulfill their agreements in good shape and keep this road in excellent condition. Most of the road west of the river bridge is in good condition.

County Highway Engineer J. E. Reece, assisted by U. S. Reavis, J. R. Plummer, and George A. Surface of the township board, surveyed the road north of the Hardesty school Wednesday. This road is only thirty feet wide and has been in bad shape since last fall. It is the worst piece of road between here and Maryville.

Ernest Boyer and John Graves, who own land on either side of the road, are willing to set their fences over according to the result of the survey, which shows that about five feet should come from each farm.

## CITY MAY ENCLOSE WEST SIDE DITCH

(Continued from page 1.)

may be prescribed by ordinance, and may be changed, enlarged or extended, and shall have all the necessary laterals, inlets, catch basins, manholes and other appurtenances.

**Contractor Must Collect.**  
As soon as any district sewer shall have been completed, the city engineer or other officer having charge of the work shall compute the whole cost thereof, and shall apportion the same against the lots or pieces of ground, exclusive of improvements, in proportion to the area of the whole district, exclusive of the public highways, and such officer shall report the same to the council by bill or otherwise, and the council shall thereupon levy and assess a special tax, by ordinance, against each lot or piece of ground within the district, in the name of the owner thereof; whereupon the city clerk shall make out a certified tax bill, under the seal of the city, of such assessment against each lot or piece of ground within the district, in the name of the owner thereof.

Said certified tax bills shall be signed by the mayor and attested and recorded by the city clerk, and shall be delivered to the contractor for the work, who shall proceed to collect the same by the ordinary process of law, in the name of the city, to his own use, and in case of absent owners, he may sue by attachment, or by any other process known to the law; and every such certified bill shall be a lien against the lot of ground described therein, and shall bear interest at the rate of 8 per cent per annum from 30 days after the issue thereof, unless sooner offered to be paid, and if not paid or offered to be paid within six months after the date of issue, each such certified bill shall bear interest at the rate of 15 per cent per annum until paid, and every such certified bill shall, on action brought to recover the amount thereof, be prima facie evidence of the validity of the charges against the property therein described, and of the liability of the person therein named as the owner of such property.

## FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots—How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of ointment—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength ointment as this is the prescription sold under guarantee of money back if it fails to remove freckles.

### Burlington to Play Stanberry.

The Stanberry Red Sox, rated as one of the fastest amateur base ball teams in this part of the state, will play the Burlington Junction team at Bever park, Burlington Junction, Sunday afternoon. The twenty-piece band of New Market, Ia., has been engaged to give a concert during the game.

### Graham Chautauqua.

The Graham Chautauqua this year will be held July 29 to August 3. The officers for the Chautauqua are Dr. E. L. Morgan, president; C. R. Leeper, vice president; C. C. Trapp, treasurer, and J. N. Geyer, secretary.

R. B. Gex of near Graham has purchased a Cadillac eight touring car.

## U. S. NOTE TO BERLIN GIVEN OUT

Friendly In Tone, but Insists on Demands.

HUMANITY IS KEYNOTE.

Asks Imperial Government to Guarantee Safety at Sea.

LUSITANIA A PASSENGER SHIP.

Berlin "Misinformed" When It Assumes Liner Carried Guns.

### WAR SUMMARY

The American note to Germany makes the direct request that the German government give assurances that American lives and American ships shall hereafter be safeguarded. It declares that in the view of the American government the contentions that the Lusitania was carrying contraband of war or that these munitions were exploded by a torpedo "are irrelevant to the question of the legality of the methods used by the German naval commander in sinking the vessel," and that it is upon the principle of humanity, as well as upon the law founded upon this principle, that the United States must stand.

The note denies on the authority of officials of the government that the Lusitania was equipped with masked guns, supplied with gunners and ammunition or was transporting Canadian troops or carrying a cargo not permitted under the laws of the United States, but hopes that if the German government believes itself to be in possession of "convincing evidence" that these officials did not fully perform their duty, it will submit that evidence for consideration. Galicia still retains its position as the battleground of chief importance, so far as sanguinary engagements are concerned. In the north, in the Baltic provinces, the Germans have been forced to withdraw one of their wings in the Dubysa river region, owing to a threatened flanking movement by the Russians, who have brought up strong reinforcements.

Washington, June 11.—The text of the latest note of the United States to Germany was made public.

It formally asks the Imperial government for assurances that measures hereafter will be adopted to safeguard "American lives and American ships" on the high seas. The alternative, in case of refusal, is not stated.

It was this note to which William Jennings Bryan refused to attach his signature, resigning instead his portfolio of secretary of state and thereby precipitating a dramatic cabinet crisis.

Robert Lansing, secretary of state ad interim, signed the communication which went forth with the approval of President Wilson and his entire cabinet.

Friendly terms characterize the document, which renews representations made in the American note that reached Germany May 15, after the Lusitania was torpedoed and sunk, with a loss of more than 100 American lives.

The German government, it is declared, "must have been misinformed" when it assumes that the Lusitania carried guns, as official information is at hand to corroborate the original contention of the Washington government that the Lusitania was an unarmed passenger ship, which, since it did not resist capture, could not be sunk without transferring passengers and crew to a place of safety.

The communication informs Germany that it is on the principle of humanity, as well as upon the law founded upon this principle, that the United States must stand.

### Simply Passenger Ship.

Opportunity is given to Germany to submit any evidence that American officials did not execute their tasks thoroughly in inspecting the Lusitania before it sailed, but the cardinal fact—that the liner was given no warning and made no resistance and was primarily a passenger ship—the American government declares, "throws into the background any special circumstance of detail and lifts the case out of the class of ordinary subjects of diplomatic discussion or of international controversy."

"The fact that more than 100 American citizens were among those who perished made it the duty of the government of the United States to speak of these things, and once more with solemn emphasis, to call the at-

tention of the Imperial German government to the grave responsibility which the government of the United States conceives that it has incurred in this tragic occurrence, and to the indisputable principle upon which that responsibility rests. The government of the United States is contending for something much greater than mere rights of property or privileges of commerce. It is contending for nothing less high and sacred than the rights of humanity, which every government honors itself in respecting and which no government is justified in resigning on behalf of those under its care and authority. Only her actual resistance to capture or refusal to stop when ordered to do so for the purpose of visit could have afforded the commander of the submarine any justification for so much as putting the lives of those on board the ship in jeopardy. This principle the government of the United States understands, the explicit instructions issued on Aug. 3, 1914, by the Imperial German admiralty to its commanders at sea to have recognized and embodied, as so the naval codes of all other nations, and upon it every traveler and seaman had a right to depend. It is upon this principle of humanity as well as upon the law founded upon this principle that the United States must stand.

**Ready to Use Offices.**  
"The government of the United States is happy to observe that your excellency's note closes with the intimation that the Imperial German government is willing, now as before, to accept the good offices of the United States in an attempt to come to an understanding with the government of Great Britain by which the character and conditions of the war upon the sea may be changed. The government of the United States would consider it a privilege thus to serve its friends and the world. It stands ready at any time to convey to either government any intimation or suggestion the other may be willing to have it convey, and cordially invites the Imperial German government to make use of its services in this way at its convenience."

"In the meantime, whatever arrangement may happily be made between the parties to the war, and whatever may in the opinion of the Imperial German government have been the provocation or the circumstantial justification for the past acts of its commanders at sea, the government of the United States confidently looks to see the justice and humanity of the government of Germany vindicated in all cases where Americans have been wronged or their rights as neutrals invaded."

"The government of the United States therefore very earnestly and very solemnly renews the representations of its note transmitted to the Imperial German government on the 15th of May, and relies in these representations upon the principles of humanity, the universally recognized understandings of international law and the ancient friendship of Germany."

**Rights of U. S. Citizens.**

"The government of the United States cannot admit that a proclamation of a war zone from which neutral ships have been warned to keep away may be made to operate in any degree an abbreviation of the rights either of American shipmasters or of American citizens bound on lawful errands as passengers on merchant ships of belligerent nations. It does not understand the Imperial German government to question those rights. It understands it, also, to accept as established beyond question the principle that the lives of noncombatants cannot lawfully or rightfully be put in jeopardy by the capture or destruction of an unresisting merchant ship, and to recognize the obligation to take sufficient precaution to ascertain whether a suspected merchantman is in fact carrying contraband of war under a neutral flag. The government of the United States therefore deems it reasonable to expect that the Imperial German government will adopt the measures necessary to put these principles into practice in respect of the safeguarding of American lives and American ships, and asks for assurances that this will be done."

**Market Live Stock.**  
H. W. Hunt, Hunt & Co., Carl Burke, J. E. Strickler, G. H. Swaney, W. H. Ramey, Will N. Wray, D. D. Henderson and E. A. Watson were patrons from Nodaway county in the St. Joseph live stock market yesterday.

### TO GIVE OLD TIME FESTIVAL.

Arkoe Methodists Would Increase Church Coffee Tomorrow Night.

The following poem has been issued by the Methodist church at Arkoe as an invitation to attend a social at the church on the night of June 12:

On the 12th of June, by the light of the moon,

At the Arkoe school, please come and spoon.

All kinds of eats you'll find them there.

Ice cream and strawberries beyond compare.

Our cooks are masters of the culinary art.

These dainties will warm anyone's heart.

Come, boys, and bring your "Janes." We want to make money after our pains.

And if you'll come You'll see the winsome maid of '93.

The Goddess of Liberty will be there, With torch uplifted in the air.

There will be Priscilla sitting a-spinning.

The pretty white flax that makes white lines.

Perhaps Martha Washington you will see,

As sweet and stately as she can be.

Be sure and come and eat your fill Of ice cream and strawberries on the bill

### To Pay Homage to Dead.

The members of the Skidmore Odd Fellows lodge and of the Rebekahs will meet in the I. O. O. F. hall there Sunday afternoon and march to the Christian church, where memorial services to deceased members of the two orders will be held. Short talks will be made by five of the lodge leaders. The graves will be decorated.

### To Give Band Concert.

The usual weekly band concert will be given at Skidmore tomorrow night as an entertainment for the patrons of that town. The musical numbers announced are indicative of a good concert.

### Many Head Band Concert.

A large crowd attended the weekly band concert on the court house lawn last night.

W. J. Skidmore, editor of the Skidmore New Era, has been selected as a delegate from the Northwest Press association to the National Editorial association, which meets in San Francisco the fore part of July.

### M. U. STUDENTS MAY PLAY, TOO.

University Has 21 Tennis Courts and a Golf Course Link.

Summer session students at the University of Missouri at Columbia will have every opportunity for outdoor sports. The University has now twenty-one tennis courts, more than any other university in the Missouri valley and more than any other western university except Chicago and Michigan. Fifteen of these courts are for men, and six are reserved for women. It is also planned to add four or five more tennis courts next fall. During the regular session about 400 students play tennis, and fully as many use the tennis courts in the summer.

A nine-hole golf course is also supplied by the University for the use of students in the summer session and regular session. C. I. Brewer, director of athletics at the University, says that he knows of no other university that supplies its students with such recreation.

Besides the tennis courts and golf links, summer session students can also find place for sports and recreation on the baseball and football fields and the running track. A special field is reserved as a playground for women at the university.

Five courses in physical education are offered during the summer session to meet the needs of those who wish to qualify as supervisors of physical education in grade or high schools.

These courses are for both men and women. The new play ground of the University Elementary school will be used for observation and laboratory practice in connection with the course in playgrounds.

### MORE RURAL ROUTES.

Readjustments Permit Opening of 710  
New Routes—440,750 More  
Persons Served.

Without curtailing present mail facilities, readjustment of rural delivery service during the period from April 1 to May 29, reduced operating expenses \$511,262, says the St. Louis Republic. This sum has been used to establish 710 new rural routes, serving 82,390 additional families, or approximately 411,950 persons, and to extend existing service 642.49 miles. The extensions reach 5,469 additional families or about 29,800 persons.

Practically all the changes become effective June 15. Though many rural routes are consolidated, few carriers are to be dropped. Transfers are being arranged under which the experienced men are being retained. The present carriers are preferred in filling vacancies.

Nearly all the new routes will go into operation June 15. Postmasters in the cities whence the new service originates have been authorized to employ temporary carriers pending the selection of permanent men by civil service examination.

Memoranda are now awaiting the postmaster general's signature providing in many localities for R. F. D. service by automobile under the clause in the resolution of congress of March 3 last, authorizing the introduction of automobile service at compensation not exceeding \$1,800 a year.

The auto service also will be utilized gradually to install rural routes which will radiate out from the large cities. Suburban and rich truck growing areas within 25 miles of the great cities, when served thus, will get the "local" instead of the "first zone" parcel post rate. Immediate stimulation

of local parcel post exchanges, especially of the farm-to-table service, is expected to follow.

Though automobile routes of this kind will be rural routes, the effect of their installation will be to bring the territory served within city delivery. Such an innovation will be of mutual benefit to centers like St. Louis and surrounding smaller communities.

### MOZINGO VALLEY NEWS.

Joseph Scott spent Sunday visiting in Maryville.

George David purchased a new Ford car this week.

The Rev. Lester M. Jones of St. Joseph visited last week with his brother, Ed Jones, living east of Pickering.

Ernest Wray and family spent Monday visiting in Maryville.

Dale Wiley, who is at a St. Joseph hospital recuperating from an operation for appendicitis, is improving and will be able to come home in a few days.

Mr. and Mrs. Chance Copeland and family spent Sunday the guests of Mr. and Mrs. James Lett.

Glade Wiley and Alva Lett spent Sunday at St. Joseph visiting Dale Wiley.

Harry Lett took the teacher's examination at Maryville Friday and Saturday.

Mr. and Mrs. Sant Leech spent Sunday the guests of Mr. and Mrs. Warren Bloomfield.

Miss Pearl Berry spent Wednesday visiting in Maryville.

## SOCIETY AND CLUBLAND

KATE SCHENCK  
Phones—Office 42 Home 683

### Guest of the McCoppins.

Mrs. S. C. Case of Skidmore, who came to Maryville several weeks ago to visit her nieces, Mrs. W. C. Frank and Mrs. J. R. Brink, will be the weekend guest of Mr. and Mrs. C. A. McCoppin, 422 West Thompson street, this week.

### For Miss Romasser.

Misses Elmore and Rose Schumaker will entertain a number of friends Saturday night complimentary to Miss Dorothy Romasser of Kansas City, who will arrive in Maryville tonight to visit her brother and sister-in-law, Mr. and Mrs. Augustus Romasser, and friends in the city.

### Ray-Sullivan Wedding Announced.

Mr. and Mrs. James W. Ray of South Main street have announced the marriage of their daughter, Alice Marie, to Mr. Arthur Dean Sullivan, which took place May 6, at Rupert, Idaho. Mr. Sullivan and his bride will be at home at Rupert.

### Magazine Committee Reports.

The report of the Magazine day, committee given at the monthly meeting of the City Federation of Clubs held Wednesday afternoon, shows a net clearance of \$36 on the shipment of magazines made a few weeks ago. The quantity shipped out this spring was only about a fourth of what was sent at the first collection made last spring. The money will increase the rest room fund.

### Mrs. Barry Entertains Society.

Mrs. Raymond Barry was hostess yesterday afternoon to the meeting of the Women's Missionary society of the Buchanan Street Methodist church. Miss Eva Ashford conducted the devotional exercises, after which the program was given. Mrs. John A. Wait read a splendid paper on "A Young Working Girl." Mrs. N. F. Humber gave a reading on "The Reason Why," a mission story; Miss Alice Peery read a story entitled "Bargains," and the missionary bulletin was presented by Mrs. Pastorius. The closing number, a prayer service "For Those Who Toll," was conducted by Mrs. E. B. Sheldon. The July meeting will be at the home of Mrs. Solon Clark.

### Entertain at Country Home.

Mr. and Mrs. J. S. Weaver, living five miles east of Pickering entertained guests at a very pleasant evening at their country home this week. The hours were spent informally and a luncheon, carried out in the colors of pink and white was served. Those present were Mr. and Mrs. Charles Gonser, Mr. and Mrs. Will Shelman, Mr. and Mrs. Ernest Wray, Mr. and Mrs. A. H. Leech, Mr. and Mrs. Lewis Pistole, Mr. and Mrs. U. S. Leech, Mr. and Mrs. Everett Florea, Mr. and Mrs. Charles Florea, Miss Helen Scott, Miss Verna Pistole, Miss Iva Wray, Miss Bessie McKee, Miss Addie Killam, Miss Mary Leech, Ervin Shelman, Dennis Leech, Doyle Moore, Guy Scott, Noble Florea, Harry Gonser and Mr. and Mrs. Weaver.

### Approve of Public Rest Room.

The City Federation of Women's Clubs has been given a gracious compliment by the Herron Homemaking Circle which recently passed resolutions of thanks and appreciation for the efforts of the federation women in establishing and maintaining the women's public rest rooms. The Circle also expressed their intention of giving its greatest co-operation to the Federation in its work of supporting the room. They further voted the highest praise of the courteous treatment given everyone by the rest room matron, Mrs. Melissa Casteck. The resolutions are to be placed on the Circle records. During the past month more than 1,200 women made use of the rest rooms.

### Matinee and Luncheon.

Charlotte Hope Whelchel entertained a number of her young friends yesterday afternoon with a matinee party at the Fern theater to see "The Hoosier Schoolmaster," after which a luncheon at Reuillard's was served to her guests. The little girls of the crowd included Eva Margaret Frank, Esther Roseberry, Elizabeth Flynn, Mabel and Evelyn Raines, Beatrice Behm, Leta Clare Landfater, Margaret Louise Hosmer, and the hostess, and they were chaperoned by Miss Fannie Hope and Miss Carrie Hopkins. The gathering was a farewell merrymaking for the hostess, who, with her grandmother, Mrs. Thana Hope, leaves in a few days to spend several weeks at Corning, visiting Mrs. Hope's daughter, Mrs. Emory Leigh Wilsoff.

### Prof. and Mrs. Schuler at Home.

Prof. and Mrs. Harry Burnell Schuler were at home last night to a party of friends, receiving in compliment to their house guests, Mrs. W. W. Wilson, Miss Lela Buren, Miss Rose Addison,

Miss Ethel Wilcox, Miss Marie Wilson and Miss Marie Brassett of Princeton, and Miss Laura Robinson of Kansas City. Prof. and Mrs. Schuler, assisted by Mr. and Mrs. John Eldon Bailey, greeted their guests on the porch, and most of the evening was spent out of doors. Miss Miller and Miss Brassett served lunch in the dining room, and piano and voice numbers, given by Mrs. A. Frederick Harvey, Mr. Schuler and Prof. P. O. Landon, added to the enjoyment of the guests. Mrs. J. E. Bailey entertained guests at cards this afternoon in honor of the visitors, and a number of other pleasant affairs have been planned for their pleasure while in Maryville.

### Miss Hoyt Complimented.

Miss Ethel Hoyt of Quitman was the inspiration of a jolly surprise party given last night at her home, when the guests included the members of her Sunday school class and the choir of the Methodist and Christian churches. The hours were spent with various games, and a luncheon was served.

### Society Enjoys Lecture.

An illustrated lecture on "The Native's Alaska" was given yesterday at the home of Mrs. J. A. Ford for the entertainment of the Women's Missionary society of the First Presbyterian church. The lecture was given by the Rev. S. D. Harkness, and the slides were shown by Prof. John Cameron. Both the talk and pictures were much enjoyed. The other numbers of the program included a reading on "The Totem and Its Function," by Mrs. J. E. Cameron; "The Founding and Progress of Alaskan Missions," by Mrs. S. E. Farmer, and the reading of a poem by Mrs. S. D. Harkness. A social hour and luncheon, during which the hostesses were Mrs. O. L. Holmes, Mrs. E. H. Schenck and Mrs. L. E. Gault, concluded the afternoon.

### Letter to Mr. W. A. Blagg, Maryville, Mo.

Dear Sir: What's the penalty for making or selling short-measure paint in your state?

And does it make any difference if three-fourths of the paints are short measure?

Is seven pints a full-gallon or a fool-gallon.

What's the penalty for making or selling whitewash for paint?

Is whitewash paint, if mixed with a little paint and labeled "Pure mixed paint," or something like that?

But we don't intend to go into the business. We make Devco lead-and-zinc full-measure and true.

Yours truly,

F. W. DEVCOE & CO.,  
New York and Chicago.

P. S.—Koch's Pharmacy sells out paint.

### College Band Gives Concert.

The people of Conception Junction enjoyed a fine concert this afternoon, given by the band of Conception college. The band includes thirty members and is one of the best trained musical organizations in this part of the state. They gave an hour's program on the business streets of the town.

### 17 Births to 6 Deaths.

There were seventeen births and six deaths in Polk township during the month of May. For Maryville there were eight births and three deaths.

### Visiting in Dakota.

Miss Lizzie Sturm of Clyde left yesterday for Plankinton, S. D., to spend several months visiting her sister.

FOR RENT—After July 1, 5-room flat with bath and electric lights. Inquire Dr. F. M. Martin. 11-14

### Corning Guest Here.

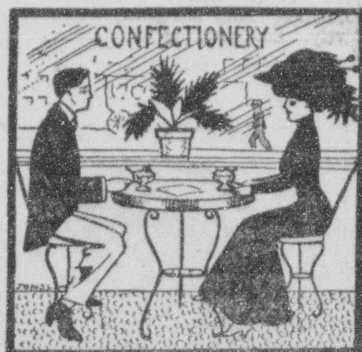

Mrs. E. L. Wilson of Corning, Mo., arrived in Maryville yesterday to visit her mother, Mrs. Thana Hope.

Nyal's Liver Salts for indigestion Koch Pharmacy.

### Arrives from St. Paul.

James Juhl of St. Paul, Minn., is visiting relatives at Clyde.

### FOR BABY'S CARE IN SUMMER.

#### Government Bureau Offers Advice on Infants During Hot Months.

The care of the baby during the hot summer months is treated in an article just issued by the Children's Bureau of the U. S. Department of Labor. It says in part:

A baby must be kept as cool as possible in summer, because overheating is a direct cause of summer diarrhea. Even breast-fed babies find it hard to resist the weakening effects of excessive heat. Records show that thousands of babies, most of whom are bottle-fed, die every year in July and August, because of the direct or indirect effects of the heat. Next in importance to right food in summer are measures for keeping the baby cool and comfortable; frequent baths, light clothing, and the selection of the coolest available place for him to play and sleep.

A baby should have a full tub bath every morning. If he is restless and the weather is very hot, he may have in addition one or two sponge baths a day. A cool bath at bedtime sometimes makes the baby sleep more comfortably. For a young baby the water should be tepid, that is, it should feel neither hot nor cold to the mother's elbow. For an older baby it may be slightly cooler, but should not be cold enough to chill or frighten him.

If the water is very hard a tablespoonful of borax dissolved in a little water may be added to three quarts of water to soften it. Very little soap should be used and that a very bland, simple soap, like castile. Never rub the soap directly on the baby's skin and be sure that it is thoroughly rinsed off, as a very troublesome skin disease may result if a harsh soap is used or if soap is allowed to dry on the skin.

Use a soft wash cloth made from a piece of old table linen, towel, knitted underwear, or any other very soft material, and have two pieces, one for the face and head and one for the body. The towel should be soft and clean also. Even in summer the baby should be protected from a direct draft when being bathed lest he be too suddenly chilled.

A young baby should be carefully held while in the tub. The mother puts her left hand under the baby's left arm and supports the neck and head with her forearm. But an older baby can sit alone and in summer may be allowed to splash about in the cool water for a few minutes.

When the bath is finished the baby should be patted dry, and the mother should take care to see that the folds and creases of the skin are dry. Use a little pure talcum powder or sifted corn starch under the arms and in the groin to prevent chafing. If any redness, chafing, or eruption like prickly heat, develops on the skin, no soap at all should be used in the bath. Sometimes a starch, or bran, or soda bath will relieve such conditions.

BRAN BATH. Make a little bag of cheesecloth and put a cupful of ordinary bran in it and sew or tie the top. Let this bag soak in the bath, squeezing it until the water is milky.

STARCH BATH. Use a cupful of ordinary cooked starch to a gallon of water. (If the laundry starch has had anything added to it, such as salt, lard, oil, bluing, it must not be used for this purpose.)

SODA BATH. Dissolve a tablespoonful of ordinary baking soda in a little water and add it to four quarts of water.

CLOTHING. Do not be afraid to take off the baby's clothes in summer. All he needs in hot weather are the diaper and one garment. For a young baby this may be a sleeveless band which leaves the arms and chest bare, and for an older baby, only a loose thin cotton slip or apron, or wrapper, made in one piece with short kimono sleeves. Toward nightfall when the day cools, or if the temperature drops when a storm arises, the baby should of course, be dressed in such a way as to protect him from chill.

Cotton garments are best for the baby in summer. All-wool bands, shirts, and stockings, should not be worn at any time of the year, and in hot summer weather only the thinnest all-cotton clothing should touch the baby's skin, unless he is sick, when a very light part wool band may be needed. In general, neither wool nor starch should be allowed in the baby's clothing in summer. Wool is too hot and irritating and starched garments scratch the baby's flesh.

The baby should be kept day and night in the coolest place that can be found. The kitchen is usually the hottest room in the house, especially if coal or wood is burned for fuel. While the mother is busy with her work the baby should be kept in another room, or better, out of doors, if he can be protected from flies and mosquitoes.

A play pen makes it possible to leave the baby safely by himself on the porch or in the yard, after he is old enough to creep.

A screened porch on the shady side

of the house is a boon to every mother,

affording a cool, secure place for the

baby to play and also to sleep. Let

him have his daytime naps on the

porch and sleep there at night during

the heat.

Do not be afraid of fresh air for the

baby. He can not have too much of

it. Night air is sometimes even bet-

ter than day air, because it has been

cooled and cleansed of dust by the

dew.

The essentials in the summer care of

babies are: proper food, given only at

regular intervals; a clean body; fresh

air, day and night; very little clothing;

cool places to play and sleep in.

Do not give the baby medicine of

any sort unless it is ordered by the

doctor. Never give him patent reme-

dies which are sold to relieve the

pain of teething, or to make him sleep,

or to cure diarrhea, for such medi-

cines are likely to do the baby much

more harm than good, especially in

summer when the digestion is so easily

disturbed. It is so much easier to

keep the baby well, than it is to cure

him when he is sick, that wise mothers

try to take such care of the baby that

he will not be sick.

Do not fail to give the baby a drink

of cool water several times a day in

hot weather. Boil the water first,

then cool it, and offer it to the baby

in a cup, glass, or nursing bottle.

Babies and young children sometimes

suffer cruelly for lack of drinking

water.

### TO CONTROL SAN JOSE SCALE.

#### Weapons the Orchardist May Use Against This Destructive Pest.

Detailed instructions for the use of various sprays in controlling the San Jose scale are given in a new publication of the U. S. Department of Agriculture, "The San Jose Scale and Its Control." In the absence of proper treatment, this widespread pest will bring about the death of most fruit trees and of many ornamental and shade trees.

Its discovery, therefore, should be followed by prompt measures of control, whether it be found in commercial orchards or in private grounds. Private individuals, however, will scarcely feel disposed to equip with such expensive apparatus as orchardists may find profitable. The bulletin, therefore, describes washes and spraying apparatus suitable for varying conditions.

Where only a few plants are infested, it is probably better for the owner to use some of the prepared washes. In fact many commercial orchardists prefer to use these in preference to making them at home. These consist of compounds of sulphur in a highly concentrated condition, or powders, to which it is only necessary to add a sufficient quantity of water.

The powders which have but recently appeared on the market are much more convenient to handle and store than the commercial lime-sulphur concentrates. The latter, however, are still largely used by orchardists who do not care to incur the expense of constructing the cooking plant to

make their own lime-sulphur washes. Prepared in one way or another, some form of lime-sulphur wash is the most common agent for controlling this scale. A formula much in use some years ago was: Stone lime, 20 pounds; sulphur, 15 pounds; water to make, 50 gallons.

In preparing this wash, about one-third of the total quantity of water required is heated in a cooking barrel or vessel; the lime then added, and the sulphur immediately afterwards. The sulphur should previously, however, have been made into a thick paste with water.

After the lime has slacked, about another third of the water should be added and the cooking continued for an hour, when the rest of the water is put in. During the time of cooking stirring is necessary if the wash is cooked in kettles. It must also be strained as it is run into the spray tank.

Comparatively few fruit growers now employ this method, because this wash must be applied immediately after it is cooked—otherwise there is crystallization of the sulphur and hardening of the sediment upon cooling. The cooking is also inconvenient. It is for these reasons that manufacturers put on the market concentrated solutions of lime-sulphur already mentioned, and which when used at proper strength are quite as satisfactory as the old time formula.

When lime-sulphur concentrates are made at home, the so-called 50-100-50 formula is frequently used. This is composed of 50 pounds of lime, 100 pounds of sulphur, and water to make 50 gallons—the respective ingredients

being boiled together for from 50 minutes to an hour, while the mixture is vigorously stirred either by hand or by a mechanical agitator.

As soon as the cooking is over, the solution should be drawn off and run through a 20-mesh strainer into barrels, the agitation being continued all this time in order to effect an equal distribution of the sludge.

When properly stirred this solution can be kept for a year or more before being used. Such concentrates vary considerably in strength, and it is important that they be tested with a hydrometer. The new bulletin contains a table giving the quantities of lime-sulphur concentrates of various strengths necessary to make 50 gallons of the spray solution. The number ranges from 1 1/4 gallons for a summer application with a strong concentrate, to 11 1/2 gallons for a winter application with a weaker one.

In controlling the scale, it is always advisable to spray the trees while in a dormant condition, for at this time the wash may be used much stronger than would be safe to use on foliage. Spraying may be done in the fall, in mild climates during the winter, or preferably in early spring before the buds push out.

For small plants, low trees, ornamental hedges, etc., a bucket pump or knapsack pump will provide all the apparatus necessary. For orchards of some size, as 5 to 10 acres, a barrel or hand power pump will prove more satisfactory, and for large commercial orchards gasoline outfits are usually employed. Where only one or two trees are to be treated, it is quite practicable to apply the wash on a limb and branches with a brush.

In addition to the lime-sulphur washes, kerosene and crude petroleum are usually caused by insecticide, either pure or in emulsions. The department does not commend, however, the use of these oils in a pure condition, and while there is no question as to their efficacy in destroying the insects, their employment is likely to cause serious injury to the trees.

Kerosene and crude petroleum may be readily emulsified in soap and the oil thus used at any desired strength. The so-called "Miscible oils," however, which are commercial preparations, are now largely used by those requiring oil sprays in preference to the home-made emulsions.

Treatment with these oils is probably desirable only when the infestation is very severe and experience has shown that the scale will not be controlled by lime-sulphur sprays. Soap washes made from fish oil soap are also used to some extent at the rate of two pounds to the gallon of water, and always on trees in a dormant condition.

#### GOOD INDEPENDENCE DAY READING.

HAVE you not learned that not stocks or bonds or stately houses or lands or products of mill or field are our country? It is a spiritual thought that is in our minds. It is the flag and what it stands for; it is its glorious history; it is the fireside and the home; it is the high thoughts that are in the heart, born of the inspiration which comes of the story of the fathers, the martyrs to liberty; it is the graveyard into which our grateful country has gathered the unconscious dust of those who died. Here in these things is that thing we love and call our country rather than anything that can be touched or handled. Let me hold the thought—that we owe a duty to our country in peace as well as in war. Perhaps never in the history of our nation have we been so well equipped for war upon the land as now, and yet we have never seen a time in our history when our people were so smitten with a love of peace.—Benjamin Harrison.

how she found it would take more time than she could spare. The next morning Angela said to the young man on the ladder:

"You'll observe that my garden has been materially increased since the day before yesterday?" And after a minute, in which neither spoke: "Thank you. They are very, very pretty."

Angela continued to wash the faces of the pansies, though they did not need it after the rain of the day before. And the little veiled leaves felt the nervous twitch in the fingers which dressed them.

"I did not know it would rain on them when I put them there," said the young man, glancing at the hearts.

"But it isn't raining now," she said, still looking at the pansies.

"Angela, will you let the sun shine on my heart always as brightly as it is now shining on the flowers' hearts?" Look up, Angela. I love you," he said.

"If—if you won't shoot any more firecrackers at me," she replied, with a happy, tremulous little laugh. "It is you who have taken away my independence days now."

#### Patriots Stand Before Kings.

Franklin, Jay, Gallatin, Seward and scores of American statesmen have stood before kings, have been of the throngs that crowded court receptions, and they have always borne themselves gallantly and been recognized everywhere as nature's noblemen. The American people are unworthy of these creators of their country if they ever neglect to cherish the memory of the greatness of their patriots.

#### Reckless Orderlies

Sick headache, biliousness, piles and bad breath are usually caused by inaction of the bowels. Get a box of Reckless Orderlies. They act gently and effectively. Sold only by us at 10 cents.

## ASKS PEOPLE TO PASS JUDGMENT

Former Secretary Bryan Issues  
Appeal to American People.

### GOOD INTENTIONS NOT ENOUGH

Must Be Right to Be Warranted in Quitting in the Midst of International Stress—Penalty of Men Before Public.

Washington, June 11.—Coincident with the publication of the note to Germany former Secretary Bryan issued another statement, in which he says: "You now have before you the text of the note to Germany—the note which it would have been my official duty to sign had I remained secretary of state. I ask you to sit in judgment upon my decision to resign rather than to share responsibility for it."

"The president and I agree in purpose; we desire a peaceful solution of the dispute which has arisen between the United States and Germany. We do not only desire it, but with equal fervor we pray for it, but we differ irreconcilably as to the means of securing it."

"Among the influences which governments employ in dealing with each other there are two which are pre-eminent and antagonistic—force and persuasion. Force speaks with firmness and acts through the ultimatum; persuasion employs argument, courts investigation and depends upon negotiation. Force represents the old system—the system that must pass away; persuasion represents the new system."

#### Says Not Conforms to Old System.

"If I correctly interpret the note to Germany, it conforms to the standards of the old system rather than to the rules of the new, and I cheerfully admit that it is abundantly supported by precedents—precedents written in characters of blood upon almost every page of human history. Austria furnishes the most recent precedent; it was Austria's firmness that dictated the ultimatum against Serbia, which set the world at war. Every ruler now participating in this unparalleled conflict has proclaimed his desire for peace and denied responsibility for the and it is only charitable that we should credit all of them with good faith."

"They desired peace, but they sought it according to the rules of the old system. They believed that firmness would give the best assurance of the maintenance of peace, and faithfully followed precedent, they went so near the fire that they were, one after another, sucked into the contest."

"This is what firmness, supported by force, has done in the old world. Shall we invite it to cross the Atlantic? Already the jinxes of our own country have caught the heretics from the dogs of war; shall the opponents of organized slaughter be silent while the disease spreads?"

"As an humble follower of the Prince of Peace as a devoted believer in the prophecy, 'they that take the sword shall perish by the sword,' I beg to be counted among those who earnestly urge the adoption of a course in this matter which will leave no doubt of our government's willingness to continue negotiations with Germany until an amicable understanding is reached, or at least until the stress of war is over, we can appeal from Philip drunk with carnage to Philip sobered by the memories of an historic friendship and by a recollection of the innumerable ties of kinship that bind the fatherland to the United States."

Confident that the public will credit him with honorable intentions, Mr. Bryan frankly says that good intentions are not enough and that if the public verdict is against him he asks no mercy, asserting that men in public life must be "willing to bear any deserved punishment, from ostracism to execution."

#### GRAIN AND PROVISIONS

##### Moving Quotations on the Chicago Board of Trade.
